Dear Mr. Feldman:

Re: Darling International Canada Inc.– Notice of Alteration

Thank you for your Notice of Alteration (NoA) dated July 23, 2014 in which you proposed to replace the existing failed 100,000 CFM Scrubber fan and a currently operating old Dupps 320U cooker. You indicated that the specifications of the new equipments will be similar to those to be replaced. You further indicated that the proposed replacement reduces air emission through reduced loading to the scrubber system.

Upon review of your alteration request, I have concluded that the environmental effects of the proposed alteration will be insignificant, and, therefore, in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to carry out the proposed alteration as described in the July 23, 2014 Notice of Alteration.

If you have any questions regarding this matter, please contact Mr. Eshetu Beshada of this office at (204) 945-7023.

Yours truly,

“original signed by”

Tracey Braun, M.Sc.
Director
