Dear Mr. Kalyta:

Re: City of Steinbach Waste Disposal Ground - Ground Water Sampling – Licence 2918 RR

Thank you for the Notice of Alteration (NoA) submitted on May 14, 2014 by Dillon Consulting on your behalf, providing background and justification in support of the request to decrease the frequency of water sampling from surface and groundwater sources at the Development.

I have concluded that the environmental effects from the NoA are insignificant, and, therefore, in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to implement the proposed sampling analysis plan as outlined in the document from Dillon Consulting dated May 8, 2014.

If you have any questions regarding this matter, please contact Ms. Cory Switzer of this office at (204) 250-7645.

Yours truly,
