Environment Act Licence No. 2869 RRR

July 8, 2016

Chris Fulsher, Chief Administrative Officer
Rural Municipality of Headingley
1-126 Bridge Road.
Headingley MB R4H 1G9
Email: admin@rmofheadingley.ca

Dear Mr. Fulsher:

Re: Rural Municipality of Headingley Sewage Treatment Plant - Biosolids Option Report

Receipt of your letter, dated March 23, 2016, submitted in response to my letter dated February 25, 2016 is acknowledged.

The February 25, 2016 letter required you to submit a report further assessing composting of the biosolids generated at the sewage treatment plant by April 29, 2016. In addition, you were approved, in the interim, to land apply the biosolids during the summer under the authority of an Environment Act Licence and to begin plans for land application to be carried out in 2016 with winter landfilling.

In your March 23, 2016 letter, you requested to extend the submission due date of the above stated assessment report to July 31, 2016 and during a subsequent meeting with our department representatives on June 13, 2016, you agreed to submit the above assessment report by September 30, 2016. Therefore, your new due date for submission of the updated assessment report is **September 30, 2016**. Further, you have requested to defer until 2017 the requirement to submit an Environment Act Proposal for land application of biosolids in the summer. Please note that your new due date for submission of an Environment Act Proposal for application of biosolids is **March 31, 2017**.

If you have any questions, please contact Mr. Asit Dey, P.Eng., at (204) 945-2614 or by e-mail at asit.dey@gov.mb.ca.

Yours sincerely,
