**Director**

---

Dear Madam:

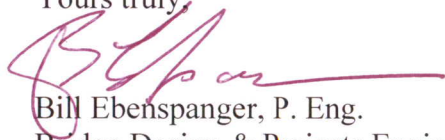

**RE: THE ENVIRONMENT ACT LICENSE NO. 2943 FOR THE DISRAELI BRIDGES  
PROJECT (THE "EAL")**

---

The City of Winnipeg acknowledges and appreciates receiving the above noted EAL earlier this month. Clauses 13 and 14 refer to an agreement between the City of Winnipeg and Manitoba Hydro respecting the responsibilities of each party with respect to impacted soil, sediment or water affected by the Development. While negotiations are ongoing and several drafts of the agreement have been exchanged and reviewed, there is concern that the agreement will not be completed by December 31, 2010. Accordingly, the City of Winnipeg is requesting an amendment to Clause 13 of the EAL to change December 31, 2010 to January 31, 2011 and a corresponding amendment to Clause 14 of the EAL to change January 31, 2011 to February 28, 2011.

Please consider this request and if acceptable, provide written confirmation that the deadlines for compliance with Clauses 13 and 14 of the EAL will be extended as requested.

Yours truly,

Bill Ebenspanger, P. Eng.  
Bridge Design & Projects Engineer
