Dear Ms. Braun:

**KEYYASK GENERATION PROJECT – ALTERATION REQUEST,
REQUEST TO INSTALL A TEMPORARY CREEK CROSSING ON WINTER ROAD TO ELLIS
ESKER, ADDENDUM II
ENVIRONMENT ACT LICENCE NO. 3107, CLIENT FILE 5550.00**

Manitoba Hydro, in its delegated authority to manage construction of the Keeyask Generation Project on behalf of the Keeyask Hydropower Limited Partnership, is requesting to install a temporary creek crossing on the winter road to the Ellis Esker. Please accept this addendum to the original request submitted on February 9, 2018 and subsequent request submitted on February 11, 2018.

The temporary creek crossing will consist of rig mats placed on the creek bottom, four (4) 750 mm steel culverts, 14 m long and rockfill. The crossing will be installed as soon as possible in February 2018 and removed prior to April 15 in 2018. A crossing will be required in the 2018/2019 winter season and potentially the 2019/2020 winter season, details of the crossing for future years will be submitted at a later date.

Please refer to the attached description for details.

If there are any questions or concerns with this request, please contact Jodine MacDuff at 204-360-5539.

Yours truly,

 (For D. Bowen)

Dave Bowen, P. Eng, M.Sc
Director, Keeyask Project
Generation & Wholesale
