

H:\CAD Drawings\Biomedical Waste Project\WML - Route - Biomedical Waste - Nov.2013.dwg, WML - Biomedical Route

RANDON REGIONAL HEALTH

waste.

NDTE: (A) - Soiled Laundry - this will be brought in at the east entrance doors of MRI. Proceed straight down the corridor (this will turn right) and go through the first set of doors, keep going until you get to the second set of doors. Go through these doors and turn left. This is will you to Westman Laundry (WCL106).

doors and turn left. This is will you to Westman Laundry (WCL106).
(B) - Biomedical Waste - this could be stored in the old morgue area (WL103). To remove, go through the west door of room (WL103D) and turn right to continue down the corridor. Turn left and go through two sets of double doors. Keep going straight and go through another set of doors. Turn right and this will bring you to a set of outside doors where the company will pick-up the Biomedical Waste.

(C) - Waste route for all non-biomedial
