Hi Raj... attached is the DGHTA application for the Great Canadian Oil Change for **Brandon** and only Brandon. The Fire Safety Plan is included and contact details are provided within the proposal. A location map/sketch of the area showing the building and adjacent properties is also provided.

The original application form is being forwarded to you by Mike Blair along with a cheque for \$250.00.

Please advise if there is any further information you require.

Regards  
Aaron Strub.

**Initial Information Required for CURRENT Public Collection Depots  
Used Oil & Antifreeze Products**

Legal Name of Company: Westman Quick Lube Ltd  
MB R7A 3B8

Mailing address: 827 18<sup>th</sup> st, Brandon,

Operation Name:  
**Great Canadian Oil Change**

Operation Site Location (address): 827 18<sup>th</sup> street, Brandon, MB

What is the current use of the property? Auto service, quick lube

How your property is currently zoned? Commercial

Where is the used oil storage tank in your facility? What is the capacity of the tank? Is this a single wall or double wall tank? If it is a single wall tank, is there a containment dike to contain oil leaks and spills? 3-2209 Litre Double wall tanks

Where is the storage location within the facility for the filters in drums and containers in bags? Is there a containment system in place to contain oil spills? Filters are collected at each bay into pails which are emptied into drums in storage shed outside main building.

Include a sketch/drawing (site plan) of the site that clearly shows the location of the building, used oil storage tank, used oil filters and containers, site entrance / exit, loading point, etc.

Include a sketch/map (location map) of the area showing the building and the adjacent properties (Google Maps can be used to display the building location and adjacent properties).

Describe the handling procedure involved when the public drops off used oil products.

Describe the handling procedure involved when the collector picks up used oil products.

Approximately how long are the used oil products stored prior to shipping? 1 Week

Specify your hours of operation. 8:00-8:00 Mon-Fri, 8:00-6:00 Sat, Noon-4:00PM Sunday

How will you advertise this new aspect of collecting Used Oil and Antifreeze products as part of your business?  
E.G. signage on the building; signage at the street entrance; local newspapers and flyers

How are you going to prevent oil spills? Describe the procedure involved in the event of a spill.

What is your current Fire Safety Plan? Please also list your emergency contact numbers. *we have 2 - tenpound Fire extinguishers  
at the ready.*

Do you have a valid Petroleum Storage permit (re: used oil storage)? Yes

*204-987-9600 Emergency contact #  
we have 8 doors; 6 Bay doors and  
2 customer entrance/exit doors for quick  
exits from the building.*

**Projected Volumes:** (Current plus Public Drop-off)

The estimated quantity of used oil projected - per month 8000 Litres; per  
year 96000 Litres.

The estimated quantity of used oil filters projected - per month 850 Kgs; per year 11000 Kgs.

The estimated quantity of used Antifreeze projected - per month 150 Litres; per  
year 1800 Litres.

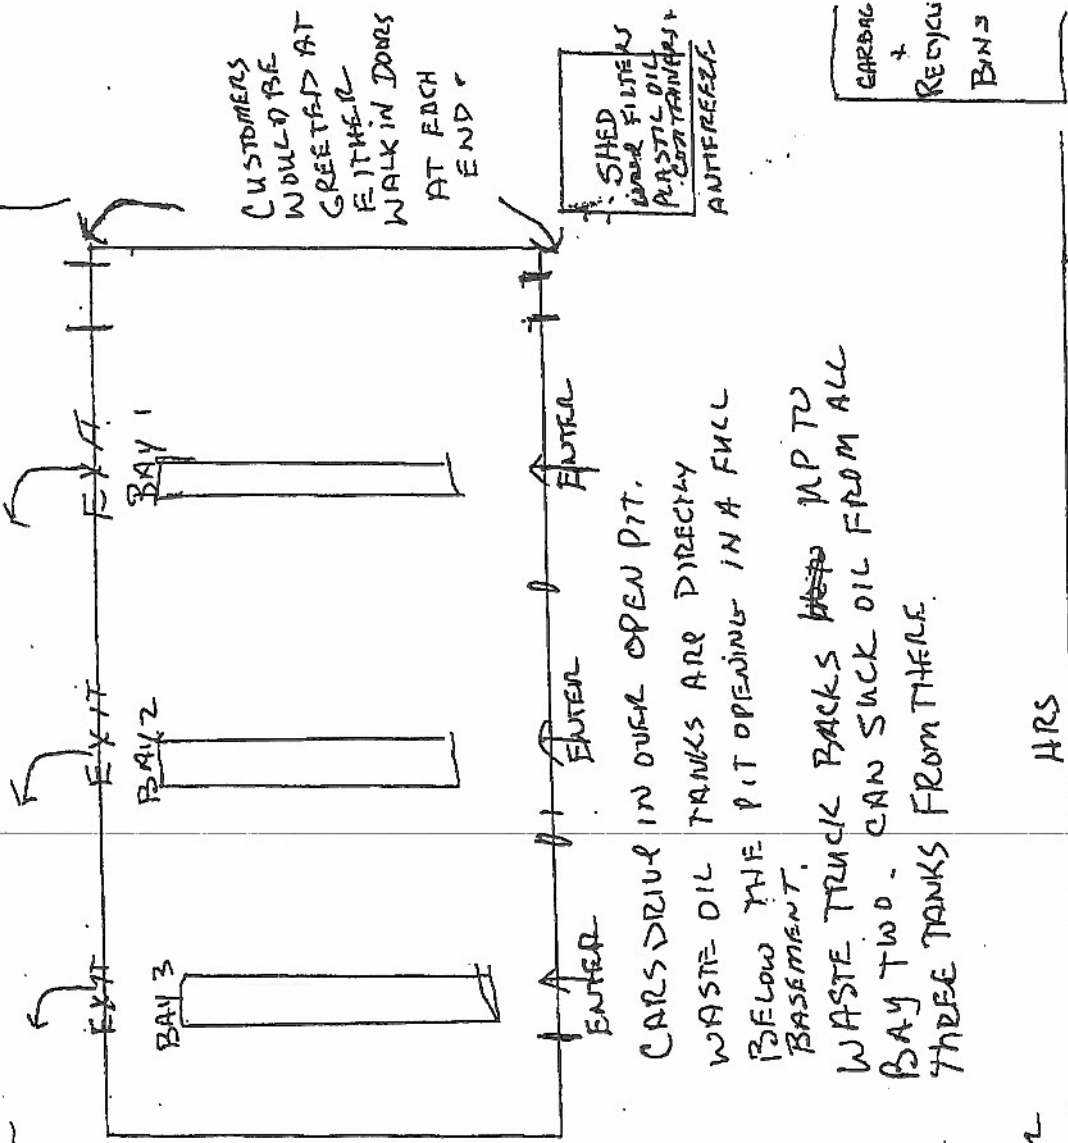

The estimated quantity of used oil & AF containers projected - per month 100 Kgs; per  
year 1200 Kgs.

18th St BRANDON

WASTE FILTERS ARE COLLECTED IN PAILS AT EACH BAY (WORK STAGE) AND ARE MOVED TO WASTE DRUM IN SHED THROUGHOUT THE DAY AS NEEDED.

WASTE OIL IS DRAINED FROM VEHICLE INTO A DRAIN TRAY. AS NEEDED, TRAY IS DRAINED INTO STORAGE TANK WHICH IS ~~TRAY~~ DIRECTLY BELOW THE TRAY AND ~~FLOOR~~ IS WHAT THE WORKER WALKS ON WHEN UNDER A VEHICLE.

ANY SPILLAGE IS CONTAINED ON TOP OF WASTE STORAGE TANK WHERE IT IS DIRECTED TO A SPOUT WHICH DRAINS TO A PAIL AND IS EMPTIED AS NEEDED. IF OIL MAKES IT TO THE FLOOR, ZORBALL ABSORBENT IS USED TO CONTAIN IT. IN THE UNLIKELY EVENT OF IT GETTING TO THE FLOOR DRAIN, IT WOULD GO TO AN OIL/WATER SEPARATOR WHERE THE OIL WOULD BE REMOVED AND THE WATER WOULD GO TO THE CITY WASTE WATER SYSTEM. THE OIL INTERCEPTOR IS UNDER THE FLOOR IN THE BASEMENT.
