Re: Notice of Alteration Update - Ninga, MB - License 3159

Dear Krystal,

Further to the Notice of Alteration proposal submitted on June 22, 2015, this letter is to update Manitoba Sustainable Development's files with the a change to the approved constructional plans which was received for the Crop Production Services (Canada) Inc. Ninga, Manitoba facility, located at 219 Railway Street on the SW ¼ of 19-3-18 WPM in the Municipality of Killarney-Turtle Mountain.

This application includes:

- A completed Notice of Alteration application,
- A hard copy of the updated construction proposal, and
- CPS site plan drawing.

The target date of construction for this project is August 15, 2016. Please contact me to indicate if you will not be able to review and approve this application in time for this deadline.

If you have any questions regarding this notice of alteration request please direct any questions to myself.

Sincerely,

Randi Kozak, CRSP

Manager, Operations Compliance

Crop Production Services (Canada) Inc.

Site Information

This property is located at 219 Railway Street on the SW ¼ of 19-3-18 WPM in the Municipality of Killarney-Turtle Mountain and is currently leased by Crop Production Services (Canada) Inc. Manitoba Sustainable Development should have a copy of the master lease in its files.

Changes Within the Development

This Notice of Alteration is to update Manitoba Sustainable Development's files with the actual constructional work that is being completed at the Ninga, MB facility as the scope of the construction project has changed from the proposal that was submitted on June 22, 2015 and eventually approved by the Director.

No constructional upgrades will be completed to the blender or conveyor system at this time. Crop Production Services (Canada) In. would like to notify Manitoba Sustainable Development that it intends to construct a new concrete inload pad which will be utilized when loading granular fertilizer into the two hopper bottom bins found at the facility.

The current plans are for construction to commence on August 15, 2016.

Maps, Drawings, Site Plans, etc.

A site plan showing the additions and deletions in red has been attached for Manitoba Sustainable Development's files.

Identification and Quantification of Changes to the Type or Quantity of Raw Materials or Substances Used or Processed

No changes to the type or quantity of product stored and distributed will take place with this alteration.

Quantification of Change in the Environmental Effects as a Result of the Alteration

No significant changes in the environmental effects are anticipated from the alteration of this development.
