

Notice of Environment Act Proposal

Manitoba Sustainable Development has received a proposal pursuant to *The Environment Act* regarding the following operation and invites public participation in the review process:

MUNICIPALITY OF GLENELLA-LANSDOWNE – GLENELLA WATER TREATMENT PLANT UPGRADES – FILE: 5889.00

A proposal has been received from the Manitoba Water Services Board on behalf of the Municipality of Glenella-Lansdowne for the construction and operation of an upgraded water treatment plant at Glenella. The plant would be upgraded by adding a greensand filtration system to the existing chlorination system. The plant would continue to withdraw an average of 0.33 litres per second of water from two wells located 6.5 km northeast of the community. Backwash water from the plant would be discharged three times a week to the Glenella Drain, which flows east to the Big Grass River and then to Jackfish Lake. Construction of the facility is proposed for 2017.

Anyone likely to be affected by the above operation and who wishes to make a representation either for or against the proposal should contact the Department, in writing or by E-mail (bruce.webb@gov.mb.ca), not later than JUNE 19, 2017. Further information is available from the Public Registries located at: Legislative Library, 200 Vaughan St., Winnipeg; Millennium Public Library, 4th Floor, 251 Donald St., Winnipeg; Online Registry: <http://www.gov.mb.ca/sd/eal/registries/index.html> or by contacting Bruce Webb, Environmental Engineer.

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of *The Environment Act*.
