Dear Cynthia Weibe:

**Re: City of Winnipeg – Environment Act Licence No. 3377 – Request for Plan
Deadline Extension Approval**

Thank you for your June 19, 2024 letter request for a deadline extension for developing a decommissioning and alternative use plan for the former City of Winnipeg sludge drying beds. The department understands you wish to obtain a one-year extension beyond the originally proposed March 31, 2025 completion date. Environment Act Licence No. 3377 applies to this development.

As the City has identified project schedule risks that may impact the originally proposed completion date and the development of a concise and complete plan is a priority, I approve the request for extension of the completion date to March 31, 2026, relative to Clause 49 of the licence.

All clauses of Environment Act Licence No. 3377 remain in effect. This approval is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/index.html>.

If you have any questions regarding this approval, please contact Robert Boswick, Senior Environmental Engineer, Environmental Approvals Branch at Robert.Boswick@gov.mb.ca or 204-918-5853.

For questions relating to the ongoing administration of the licence, please contact Sonja Bridges, Acting Regional Supervisor, Environmental Compliance and Enforcement Branch at EnvCEWinnipeg@gov.mb.ca or 204-918-4271.

Sincerely,
