

# Notice of Dangerous Goods Handling and Transportation Act Proposal

Manitoba Sustainable Development has received an application pursuant to The Dangerous Goods Handling and Transportation Act regarding the following operation and invites public participation in the review process:

## **STERICYCLE ULC – STERICYCLE TRANSFER FACILITY – FILE: 5967.00**

A Dangerous Goods Handling and Transportation Act Application has been filed by Stericycle ULC for the operation of a medical waste and hazardous waste transfer facility at 20 Ronn Road, Stony Mountain, RM of Rosser, Manitoba. The facility is to be located within the commercial area of the Inland Port Special Zoning area. The proposed facility will accept medical waste, hazardous and non-hazardous wastes to be consolidated, stored temporarily and then transferred to other licensed facilities for disposal or processing. Types of regulated wastes that may be accepted include: medical wastes, bulk solids or liquids, miscellaneous lab packed chemicals, packaged consumer products, used oil waste, and used oil filters.

**Anyone likely to be affected by the above operation and who wishes to comment on the proposal should contact Cory Graham, Environmental Engineer, in writing or by email at [cory.graham@gov.mb.ca](mailto:cory.graham@gov.mb.ca) or by telephone at 204-250-7645, not later than June 12, 2018. Further information is available from the Online Public Registry: [www.manitoba.ca/sd/eal/registries/index.html](http://www.manitoba.ca/sd/eal/registries/index.html)**

Information submitted in response to these applications is considered public information and will be made available to the applicant and placed on the public registry.
