

Notice of Dangerous Goods Handling and Transportation Act Proposal

Manitoba Sustainable Development has received an application pursuant to The Dangerous Goods Handling and Transportation Act regarding the following operation and invites public participation in the review process:

2710331 MANITOBA Ltd. O/A RAKOWSKI RECYCLING – FILE: 5972.00

2710331 Manitoba Ltd. o/a Rakowski Recycling has filed a Dangerous Goods Handling and Transportation Act Proposal for the continued operation of a waste lead acid battery collection facility at 454 Archibald Street, in Winnipeg, Manitoba. The facility collects waste lead acid batteries from the public and commercial companies and ship off-site out of province for further processing. The potential environmental effects of the development are related to hazardous wastes generation.

Anyone likely to be affected by the above operation and who wishes to comment on the application should contact the department in writing or by email to Eshetu Beshada, Environmental Engineer to Eshetu.Beshada@gov.mb.ca, or 204-945-7023, not later than July 9, 2018. Further information is available from the Public Registry located at: www.manitoba.ca/sd/eal/registries/index.html.

Information submitted in response to these applications is considered public information and will be made available to the applicant and placed on the public registry.
