Mr. Stewart Sabiston
Director
Indigenous and Municipal Relations
27 – 2nd Avenue SW
Dauphin, MB R7N 3E5

Dear Mr. Sabiston:

Re: Bissett Transfer Station, Permit 47952

Enclosed please find the permit for your waste transfer station.

Please note that failure to comply with any condition of the permit may result in prosecution pursuant to the Waste Management Facilities Regulation.

Pursuant to Section 27 of The Environment Act, this permit may be appealed to the Minister of Sustainable Development by any person who is affected by the issuance of this permit within 30 days of the date of issue.

In addition to the enclosed Permit requirements, please be informed that all other applicable federal, provincial and municipal regulations and by-laws must be complied with.

If you have any questions concerning the permit or procedures, please call Diane Oertel in Lac du Bonnet at (204) 345-1486 or via electronic mail at diane.oertel@gov.mb.ca.

Yours sincerely,

Tracey Braun, M.Sc.
Director
Environmental Approvals Branch

NOTE: Confirmation of Receipt of this Permit No. 47952 (*by the Permittee only*) is required by the Director of Environmental Approvals. Please acknowledge receipt by signing in the space provided below and faxing a copy (letter only) to the Department by June 12, 2017.

On behalf of Indigenous and Municipal Affairs

Date

Transfer Station Operating Permit

Permit No: 47952

Client File: 18475

In accordance with the Waste Management Facilities Regulation, made under The Environment Act, **Manitoba Indigenous and Municipal Relations** is hereby permitted to operate a **Transfer Station**, to be known as the **Bissett Transfer Station** situated at **NW 08-24-14 EPM** in the Unorganized Territory, Province of Manitoba

THIS OPERATING PERMIT is subject to being AMENDED, SUSPENDED or REVOKED under section 7 of the Waste Management Facilities Regulation.

THIS OPERATING PERMIT is issued subject to the following TERMS AND CONDITIONS:

General Terms and Operating Conditions

1. This permit expires on April 30, 2022.
2. The Operator shall maintain and operate the Bissett Transfer Station (the Facility) in accordance with the most current version of the Waste Management Facilities Regulation (M.R. 37/2016) and this Operating Permit.
3. The Operator shall maintain a copy of the operations manual developed pursuant to M.R. 37/2016 and a copy of this Operating Permit at the Facility or the premises from which the Facility is managed.
4. The Operator shall obtain approval in writing from the Director for any proposed alterations to the Facility before proceeding with the alteration.

Site Access and Control

5. The Operator shall restrict access to the Facility when site supervision is not provided with a locked gate or barrier.

Materials Acceptance and Handling

6. Materials collected at the Facility must be segregated and temporarily stockpiled in an orderly manner.
7. Materials collected for recycling or reuse must be segregated and temporarily stockpiled in clearly signed designated areas. These areas must be maintained to control weeds, vectors and quality of the materials. The Operator shall have the materials removed upon the request of an Environment Officer, within the timeframe specified.
8. The Operator shall remove any litter accumulated along the access road and around the perimeter of the site at minimum twice annually or as required by an Environment Officer.
9. The household waste deposited at the site shall be removed at minimum every 30 days or at a frequency required by an Environment Officer.

10. The Operator shall place all fish waste in the household waste bin.
11. The Operator shall not bury or permanently deposit any waste at the Facility without approval, in writing, from an Environment Officer.

Dangerous Goods

12. The Operator shall collect and dispose of hazardous waste in accordance with The Dangerous Goods Handling and Transportation Act, other Provincial and Federal Regulations.

Composting

13. The Operator shall compost only yard and leaf waste and kitchen scraps not including meat, fish or dairy, unless approved by the Director.

Burning of Specified Waste

14. The Operator shall only burn separated and readily combustible materials such as boughs, leaves, loose straw, paper products, cardboard, non-salvageable untreated wood, and packing materials derived from wood, and only when there is an appropriate volume of this material. Plywood, composite board or other materials constructed with glues, finishes or preservatives must not be burned.
15. The Operator shall not burn any other products or materials; including but not limited to plastics, composites, rubber, manures, chemically treated fabrics, mattresses, finished furniture, or man-made synthetics.

Revocation

16. This permit replaces Permit No. 2-145-07 which is hereby rescinded.
