Dear Scott Cameron:

Re: Rural Municipality of West Interlake - Oakview Transfer Station - Permit No. 31465 P2

Thank you for your proposal. Enclosed Permit No. 31465 P2 (permit) is issued to the Rural Municipality of West Interlake to operate its transfer station.

The permittee must follow all permit requirements and federal, provincial, and municipal regulations and by-laws.

Anyone affected by the issuance of this permit may appeal the decision to the Minister of Environment and Climate. Appeals may be submitted in writing to the Minister at minec@leg.gov.mb.ca by March 20, 2023. The permit is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/6000wmfpermits/index.html>.

If you have any questions about this approval, please contact Tyler Kneeshaw, Regional Supervisor, Environmental Compliance and Enforcement Branch at EnvCEInterlake@gov.mb.ca or 204-239-3608.

Sincerely,

Original Signed By
James Capotosto
Director

Transfer Station Operating Permit

File No. : 33935

Permit No.: 31465 P2

Issue Date: February 17, 2023

Following the Waste Management Facilities Regulation under The Environment Act, the Rural Municipality of West Interlake is hereby permitted to run the Oakview Transfer Station (facility) located on portions of NE 3-24-9 WPM within the Rural Municipality of West Interlake, Province of Manitoba. Schedule A of this permit identifies the facility.

This permit is subject to being amended, suspended, or revoked under sections 7 and 9 of the Waste Management Facilities Regulation.

General Terms and Operating Conditions

1. This permit expires on February 17, 2028.
2. The operator must maintain and operate the facility following the Waste Management Facilities Regulation and any future amendments thereof, and this permit.
3. The operator must obtain approval in writing from the director of the Environmental Approvals Branch before altering the facility.

Materials Acceptance and Handling

4. The operator must segregate materials collected for recycling or reuse, and must temporarily stockpile these materials in clearly signed designated areas. These areas must be maintained to control weeds, vectors, and the quality of the materials.
5. The operator must remove the materials identified in clause 4 of this permit regularly or upon the request of an environment officer, within the timeframe specified.
6. The operator must not store any wastes, or materials separated out during processing that are not recycled or reused, except in appropriate storage bins in a manner to prevent nuisance.
7. The operator must not accept any livestock or other animal mortalities at the facility.

Surface Water Management

8. The operator must ensure all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the facility boundaries.

Burning of Specified Waste

9. The operator must only burn:
 - a) separated and readily combustible materials such as boughs, leaves, loose straw, paper products, cardboard, non-salvageable untreated wood, and packing materials derived from wood; and
 - b) only when there is an appropriate volume of materials as identified in clause 9a).

Composting

10. The operator must, unless otherwise approved by an environment officer, compost only yard and leaf waste.

Revocation

11. This permit replaces Permit No. 31465 P1, which is hereby rescinded.
