# Transfer Station Operating Permit

File No. : 32535

Permit No.: 36037 P2

Issue Date: June 28, 2024

Following the Waste Management Facilities Regulation under The Environment Act, the Rural Municipality of Armstrong is hereby permitted to run the Inwood Waste Transfer Station on portions of SE 34-17-1 WPM within the Rural Municipality of Armstrong, Manitoba. Schedule A of this permit identifies the facility. The transfer station is located within the Inwood Waste Disposal Ground, which is now closed.

This permit is subject to being amended, suspended, or revoked under sections 7 and 9 of the Waste Management Facilities Regulation.

## **General Terms and Operating Conditions**

1. This permit expires on June 28, 2029.
2. The operator must maintain and operate the facility following the Waste Management Facilities Regulation and any future amendments and this permit.
3. The operator must:
  - a) review and update the operations manual at least every five years, or at an earlier time if required by the director; and
  - b) submit the operations manual to the director or environment officer upon request.
4. The operator must obtain approval in writing from the director before altering the facility.

## **Materials Acceptance and Handling**

5. The operator must:
  - a) segregate materials collected for recycling or reuse;
  - b) temporarily stockpile these materials in designated areas with clear signage; and
  - c) must maintain these areas to control weeds, vectors, and the quality of the materials.
6. The operator must remove all materials received at the facility regularly or upon the request of an environment officer, within the timeframe specified.
7. The operator must implement control measures to prevent the attraction and sustenance of rodents and scavenging vectors.
8. The operator must not accept any livestock or other animal mortalities at the facility.

## **Surface Water Management**

9. The operator must construct the facility such that all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the facility boundaries.

**Burning of Specified Waste**

10. The operator must only burn:
- a) separated and readily combustible materials such as boughs, leaves, loose straw, paper products, cardboard, non-salvageable untreated wood, and packing materials derived from wood; and
  - b) when there is an appropriate volume of materials as identified in clause 10 (a) of this permit.

**Revocation**

11. This permit replaces Permit No. 36037 P1, which is expired.
