Dear Tyral Solski:

**Re: Dauphin Waste Transfer Station Permit No. 36039 P2**

Please find enclosed Permit No. 36039 P2 in response to your application dated January 8, 2025, and additional information received on April 3, 2025. You wish to continue to operate the Dauphin Waste Transfer Station situated at Lot 2, Plan 2961, on portions of SE 14-25-19 WPM within the Rural Municipality of Dauphin.

The Rural Municipality of Dauphin must follow all permit requirements and federal, provincial, and municipal regulations and by-laws.

Anyone affected by this decision may appeal, in writing, to the Minister of Environment and Climate Change at [minecc@manitoba.ca](mailto:minecc@manitoba.ca) by June 9, 2025. The permit is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/6000wmfpermits/index.html>

If you have any questions about this approval, please contact Kayla Hagenson, A/Regional Supervisor, Environmental Compliance and Enforcement Branch at [EnvCEWestern@gov.mb.ca](mailto:EnvCEWestern@gov.mb.ca) or 204-648-4794.

Sincerely,

# Transfer Station Operating Permit

File No. : 51405

Permit No.: 36039 P2

Issue Date: May 9, 2025

Following the Waste Management Facilities Regulation under The Environment Act, the Rural Municipality of Dauphin is hereby permitted to operate the Dauphin Waste Transfer Station situated at Lot 2, Plan 2961, on portions of SE 14-25-19 WPM within the Rural Municipality of Dauphin, Manitoba. Schedule A of this permit identifies the facility.

This permit is subject to being amended, suspended, or revoked under sections 7 and 9 of the Waste Management Facilities Regulation.

## **Definition**

in this permit,

**"operator"** means the holder of a licence or permit issued in respect of the waste management facility.

**"odour nuisance"** means a continuous or repeated odour, smell or aroma, in an affected area, which is offensive, obnoxious, troublesome, annoying, unpleasant or disagreeable to a person:

- a) residing in an affected area;
- b) working in an affected area; or
- c) present at a location in an affected area which is normally open to members of the public;

if the odour, smell or aroma:

- d) is the subject of at least 5 written complaints, received by the director in a form satisfactory to the director and within a 90-day period, from 5 different persons falling within clauses (a), (b) or (c), who do not live in the same household; or
- e) is the subject of at least one written complaint, received by the director in a form satisfactory to the director, from a person falling within clauses (a), (b) or (c) and the director is of the opinion that if the odour, smell or aroma had occurred in a more densely populated area there would have been at least 5 written complaints received within a 90-day period, from 5 different persons who do not live in the same household.

**"transfer station"** means a facility at which solid waste is received and temporarily stored for the purpose of transporting it to another site for processing, recycling or disposal.

## **General Terms and Operating Conditions**

1. This permit expires on May 9, 2030.
2. The operator must maintain and operate the facility following the Waste Management Facilities Regulation and any future amendments and this permit.
3. The operator must:
  - a) review and update the operations manual at least every five years, or at an earlier time if required by the director; and
  - b) submit the operations manual to the director or environment officer upon request.
4. The operator must obtain approval in writing from the director before altering the facility.

### **Odour Nuisance**

5. The operator must not cause or permit an odour nuisance to be created as a result of the construction, operation, or alteration of the facility, and must take such steps as the director may specify to eliminate or mitigate an odour nuisance.

### **Site Access and Control**

6. The operator must restrict access to the facility when site supervision is not provided, with a locked gate, barrier or other system approved in writing by an environment officer.

### **Materials Acceptance and Handling**

7. The operator must:
  - a) segregate materials collected for recycling or reuse;
  - b) temporarily stockpile these materials in designated areas with clear signage; and
  - c) must maintain these areas to control weeds, vectors, and the quality of the materials.
8. The operator must remove all materials received at the facility regularly or upon the request of an environment officer, within the timeframe specified.
9. The operator must remove any litter accumulated along the access road and around the perimeter of the site. Litter collection must occur at minimum twice annually or as required by an environment officer.
10. The operator must implement control measures to prevent the attraction and sustenance of rodents and scavenging vectors.
11. The operator must not accept any livestock or other animal mortalities at the facility.

### **Hazardous Wastes**

12. The operator must not collect, store, and dispose of any hazardous waste at the facility without a licence issued under The Dangerous Goods Handling and Transportation Act. If any incidental hazardous waste is found disposed of at the facility, it must be managed following The Dangerous Goods Handling and Transportation Act, and other federal, provincial, and municipal regulations.

### **Surface Water Management**

13. The operator must construct and maintain the facility such that all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the facility boundaries.

### **Revocation**

14. This permit replaces Permit No. 36039 P1, which is expired.
