Dear Kat Bridgeman:

Re: Manitou Transfer Station Permit No. 36234 P2

Please find enclosed Permit No. 36234 P2 in response to your application dated April 24, 2024, and additional information received on August 26, 2024. You wish to continue to operate the Manitou Transfer Station on portions NE 26-03-09 WPM within the Rural Municipality of Pembina.

The Rural Municipality of Pembina must follow all permit requirements and federal, provincial, and municipal regulations and by-laws.

Anyone affected by this decision may appeal, in writing, to the Minister of Environment and Climate Change at minecc@manitoba.ca by October 24, 2024. The permit is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/6000wmfpermits/index.html>.

If you have any questions about this approval, please contact Tyler Kneeshaw, Regional Supervisor, Environmental Compliance and Enforcement Branch at EnvCEPortage@gov.mb.ca or 204-239-3608.

Sincerely,

Transfer Station Operating Permit

File No. : 9317

Permit No.: **36234 P2**

Issue Date: **September 24, 2024**

Following the Waste Management Facilities Regulation under The Environment Act, the Rural Municipality of Pembina is hereby permitted to run the Manitou Transfer Station on portions of NE 26-03-09 WPM within the Rural Municipality of Pembina, Manitoba. Schedule A of this permit identifies the facility. The transfer station is located within the Manitou Waste Disposal Ground, which is now closed.

This permit is subject to being amended, suspended, or revoked under sections 7 and 9 of the Waste Management Facilities Regulation.

General Terms and Operating Conditions

1. This permit expires on September 24, 2029.
2. The operator must maintain and operate the facility following the Waste Management Facilities Regulation and any future amendments and this permit.
3. The operator must:
 - a) review and update the operations manual at least every five years, or at an earlier time if required by the director; and
 - b) submit the operations manual to the director or environment officer upon request.
4. The operator must obtain approval in writing from the director before altering the facility.

Materials Acceptance and Handling

5. The operator must:
 - a) segregate materials collected for recycling or reuse;
 - b) temporarily stockpile these materials in designated areas with clear signage; and
 - c) must maintain these areas to control weeds, vectors, and the quality of the materials.
6. The operator must remove all materials received at the facility regularly or upon the request of an environment officer, within the timeframe specified.
7. The operator must implement control measures to prevent the attraction and sustenance of rodents and scavenging vectors.
8. The operator must not accept any livestock or other animal mortalities at the facility.

Hazardous Wastes

9. The operator must not collect, store, and dispose of any hazardous waste at the facility without a licence issued under The Dangerous Goods Handling and Transportation Act. If any incidental hazardous waste is found disposed of at the facility, it must be managed following The Dangerous Goods Handling and Transportation Act, and other federal, provincial, and municipal regulations.

Surface Water Management

10. The operator must construct the facility such that all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the facility boundaries.

Burning of Specified Waste

11. The operator must only burn:
 - a) separated and readily combustible materials such as boughs, leaves, loose straw, paper products, cardboard, non-salvageable untreated wood, and packing materials derived from wood; and
 - b) when there is an appropriate volume of materials as identified in clause 11 (a) of this permit.

Revocation

12. This permit replaces Permit No. 36234 P1, which is expired.
