Dear Kelly Marykuca:

Re: Hodgson Transfer Station Permit No. 39552 P2

Please find enclosed Permit No. 39552 P2 in response to your renewal application dated February 1, 2024. You wish to continue operating the Hodgson Transfer Station on portions of NE 29-25-01 WPM within the RM of Fisher.

The RM of Fisher must follow all permit requirements and federal, provincial, and municipal regulations and by-laws.

Anyone affected by this decision may appeal, in writing, to the Minister of Environment and Climate Change at minecc@manitoba.ca by April 18, 2024. The permit is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/6000wmfpermits/index.html>

If you have any questions about this approval, please contact Tyler Kneeshaw, Regional Supervisor, Environmental Compliance and Enforcement Branch at envceinterlake@gov.mb.ca or 204-239-3608.

Sincerely,

Transfer Station Operating Permit

File No. : 43282

Permit No.: **39552 P2**

Issue Date: **March 19, 2024**

Following the Waste Management Facilities Regulation under The Environment Act, Rural Municipality of Fisher is hereby permitted to run the Hodgson Transfer Station on portions of NE 29-25-01 WPM within the Rural Municipality of Fisher, Manitoba. Schedule A of this permit identifies the facility.

This permit is subject to being amended, suspended, or revoked under sections 7 and 9 of the Waste Management Facilities Regulation.

General Terms and Operating Conditions

1. This permit expires on March 19, 2029.
2. The operator must maintain and operate the facility following the Waste Management Facilities Regulation and any future amendments and this permit.
3. The operator must obtain approval in writing from the director before altering the facility.

Materials Acceptance and Handling

4. The operator must segregate materials collected for recycling or reuse, and must temporarily stockpile these materials in designated areas with clear signage. The operator must maintain these areas to control weeds, vectors, and the quality of the materials.
5. The operator must remove all materials received at the facility regularly or upon the request of an environment officer, within the timeframe specified.
6. The operator must implement control measures to prevent the attraction and sustenance of rodents and scavenging vectors.
7. The operator must not accept any livestock or other animal mortalities at the facility.

Hazardous Wastes

8. The operator must collect and dispose of any hazardous waste following The Dangerous Goods Handling and Transportation Act, and other federal, provincial, and municipal regulations.

Surface Water Management

9. The operator must construct the facility such that all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the facility boundaries.

Burning of Specified Waste

10. The operator must only burn:
- a) separated and readily combustible materials such as boughs, leaves, loose straw, paper products, cardboard, non-salvageable untreated wood, and packing materials derived from wood; and
 - b) when there is an appropriate volume of materials as identified in clause 10 (a) of this permit.

Composting

11. The operator must, unless otherwise approved by an environment officer, compost only yard waste, leaf waste, kitchen, and household waste.

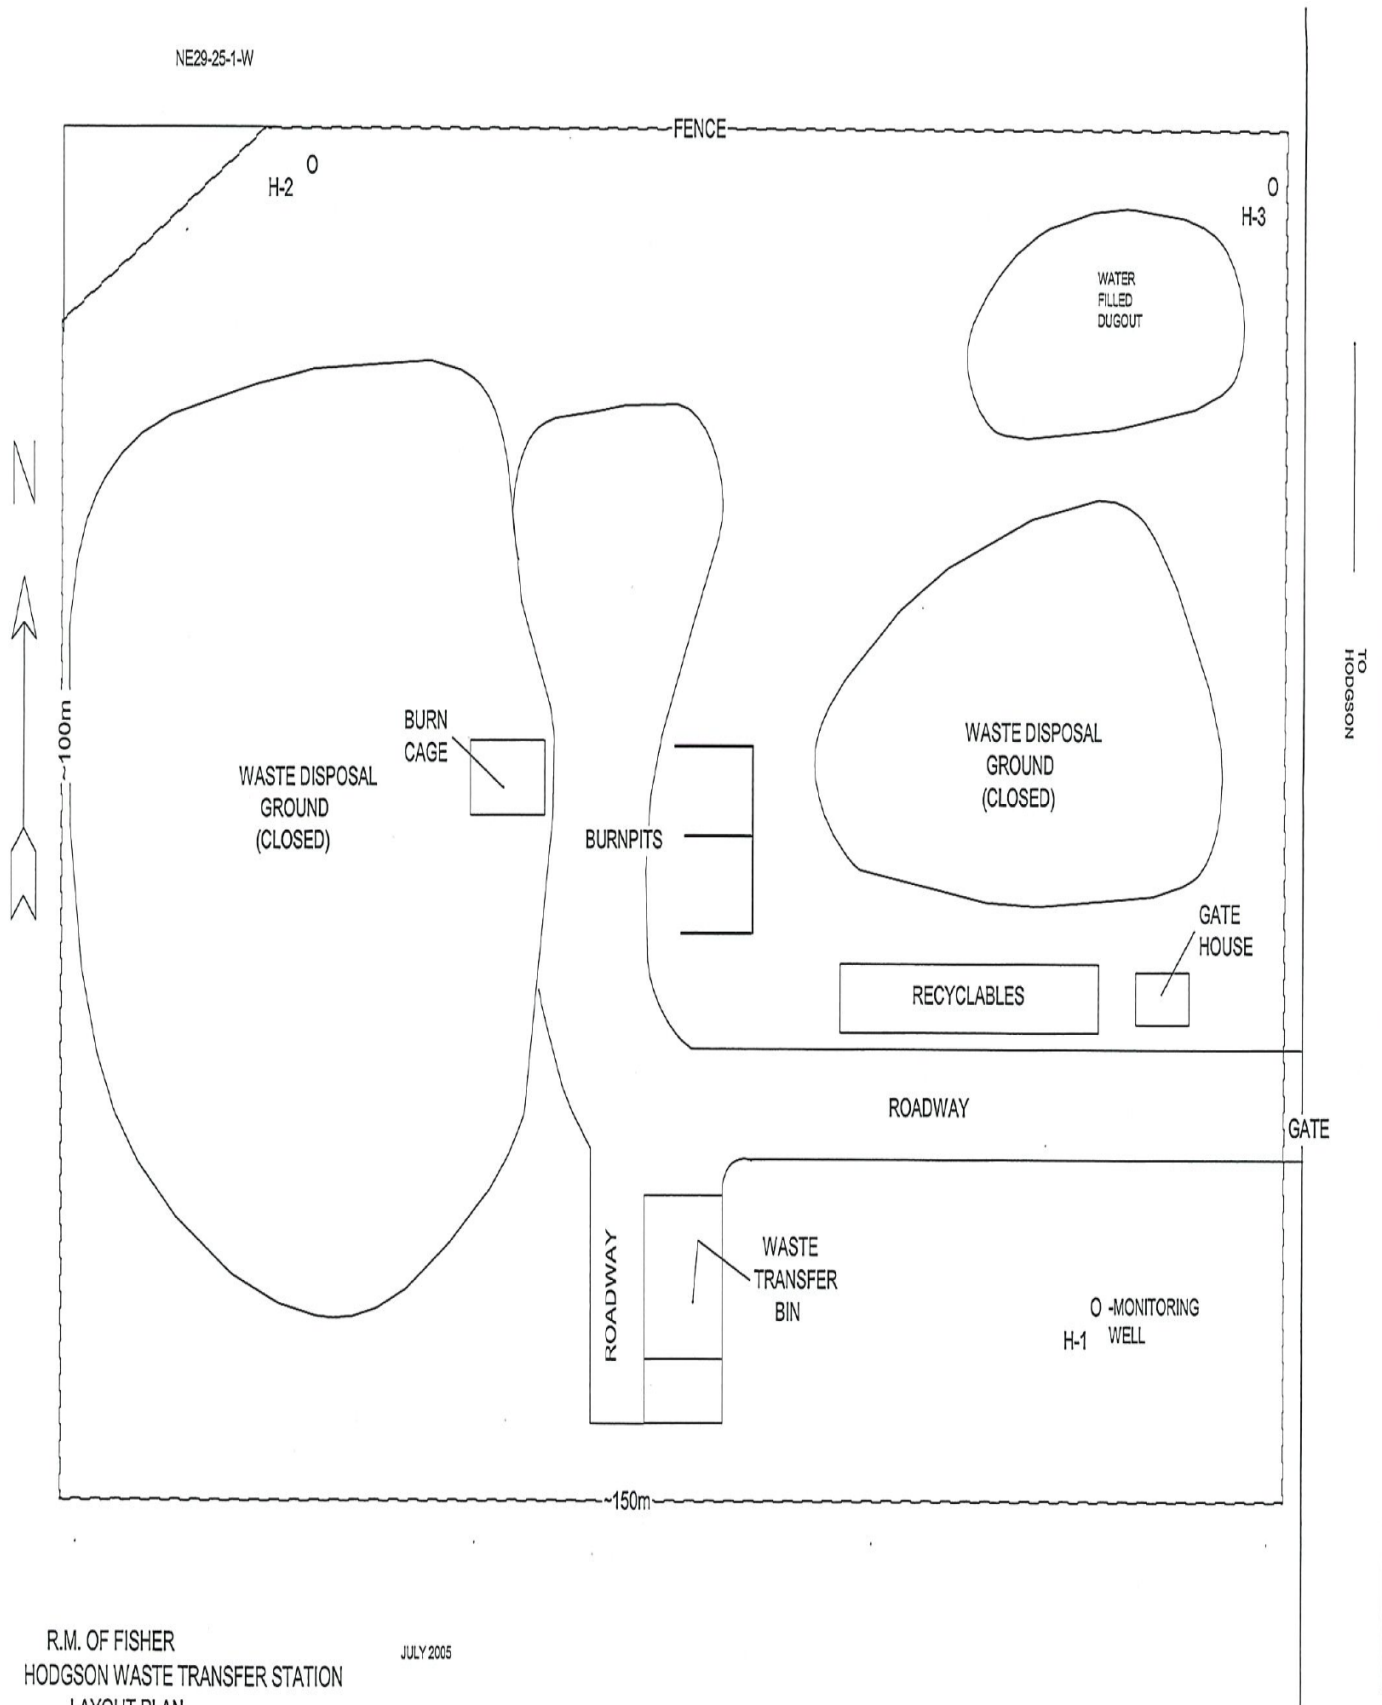

Revocation

12. This permit replaces Permit No. 39552 P1, which is **rescinded**.
