Dear Cameron Bell:

Re: HWY 214 Transfer Station - Permit No. 64225

Please find enclosed a permit for the HWY 214 Transfer Station located in the Rural Municipality of Lac Du Bonnet.

Please note that failure to comply with any condition of the permit may result in prosecution pursuant to the Waste Management Facilities Regulation.

Pursuant to Section 27 of The Environment Act, this permit may be appealed to the Minister of Conservation and Climate by any person who is affected by its issuance within 30 days of the date of issue.

In addition to the enclosed permit requirements, please be informed that all other applicable federal, provincial, and municipal regulations and by-laws must be complied with.

If you have any questions on this matter, please contact Allan Cyrenne, Acting Regional Supervisor, Environmental Compliance and Enforcement Branch, at Allan.Cyrenne@gov.mb.ca or 204-485-6410.

Sincerely,

Transfer Station Operating Permit

File No. : 39923

Permit No.: **64225**

Issue Date: **December 15, 2021**

In accordance with the Waste Management Facilities Regulation, made under The Environment Act, the Rural Municipality of Lac Du Bonnet is hereby permitted to operate the HWY 214 Waste Transfer Station located at Lot 1 Plan 40650 WLTO (1302 – Provincial Road 214) on portions of SW 22-13-9 EPM within the Rural Municipality of Lac Du Bonnet.

THIS PERMIT is subject to being AMENDED, SUSPENDED or REVOKED under sections 7 and 9 of the Waste Management Facilities Regulation.

THIS PERMIT is issued subject to the following TERMS AND CONDITIONS:

General Terms and Operating Conditions

1. This Permit expires on December 1, 2026.
2. The Operator shall maintain and operate the HWY 214 Waste Transfer Station (the Facility) identified in Schedule A of this Permit in accordance with the Waste Management Facilities Regulation and any future amendments thereto and this Permit.
3. The Operator shall maintain a copy of the Operations Manual developed in accordance with the Waste Management Facilities Regulation and any future amendments thereto, and a copy of this Permit at the Facility or where the Facility is managed.
4. The Operator shall obtain approval in writing from the Director of Environmental Approvals Branch for any proposed alterations to the Facility before proceeding with the alteration.

Site Access and Control

5. The Operator shall restrict access to the Facility when site supervision is not provided, with a locked gate, barrier or other system approved in writing by an Environment Officer.

Materials Acceptance and Handling

6. The Operator shall segregate materials collected for recycling or reuse, and shall temporarily stockpile these materials in clearly signed designated areas. These areas must be maintained to control weeds, vectors, and quality of the materials.
7. The Operator shall remove the materials identified in clause 6 of this Permit regularly or upon the request of an Environment Officer, within the timeframe specified.
8. The Operator shall remove any litter accumulated along the access road and around the perimeter of the site. Litter collection shall occur at minimum twice annually or as required by an Environment Officer.
9. The Operator shall not bury or permanently dispose of any materials at the transfer station without obtaining any written authorization from an Environment Officer.

10. The Operator shall remove the household waste deposited at the Facility at minimum every thirty (30) days or at a frequency required by an Environment Officer.
11. The Operator shall implement control measures to prevent attraction and sustenance of rodents and scavenging vectors.
12. The Operator shall not accept any livestock or other animal mortalities at the Facility.

Solid Waste

13. The Operator shall dispose of all non-hazardous solid waste collected at the Facility, which is not recycled, only to a waste disposal ground operating under the authority of a permit issued pursuant to Waste Management Facilities Regulation or any future amendment thereof, or a licence issued pursuant to The Environment Act.

Hazardous Wastes

14. The Operator shall not collect, store, or dispose of hazardous waste at the Facility.

Surface Water Management

15. The Operator shall construct the Facility such that all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the Facility boundaries.

Burning of Combustible Waste

16. The Operator shall not allow burning at the Facility

Revocation

17. This Permit replaces Permit No. 2-189-01(3) which is hereby rescinded.
