Dear Paige Wozny:

**Re: Rural Municipality of Mountain - Birch River Waste Transfer Station - Permit No. 49491 P1**

Thank you for your proposal. Enclosed Permit No. 49491 P1 (permit) is issued to the Rural Municipality of Mountain for the operation of the Birch River Waste Transfer Station.

The Rural Municipality of Mountain must operate the facility according to all permit requirements and applicable federal, provincial, and municipal regulations and by-laws.

Anyone affected by the issuance of this permit may appeal the decision to the Minister of Environment, Climate and Parks. Appeals may be submitted in writing to the Minister at [minecp@leg.gov.mb.ca](mailto:minecp@leg.gov.mb.ca) by December 8, 2022.

If you have any questions about this approval, please contact Kristy Forrestall, Regional Supervisor, Environmental Compliance and Enforcement Branch at [EnvCEWestern@gov.mb.ca](mailto:EnvCEWestern@gov.mb.ca) or 204-573-0518.

Sincerely,

Original Signed by

# Transfer Station Operating Permit

**File No. : 17292**

**Permit No.: 49491 P1**  
**Issue Date: November 8, 2022**

Following the Waste Management Facilities Regulation under The Environment Act, the Rural Municipality of Mountain is hereby permitted to operate the Birch River Waste Transfer Station (facility) located on portions of SE 31-39-25 WPM within the Rural Municipality of Mountain.

This permit is subject to being amended, suspended, or revoked under sections 7 and 9 of the Waste Management Facilities Regulation.

This permit is issued subject to the following terms and conditions:

## **General Terms and Operating Conditions**

1. This permit expires on October 31, 2027.
2. The operator shall maintain and operate the facility following the Waste Management Facilities Regulation and any future amendments thereof, and this permit. Schedule A of this permit identifies the facility.
3. The operator shall obtain approval in writing from the director of the Environmental Approvals Branch before altering the facility.

## **Materials Acceptance and Handling**

4. The operator shall segregate materials collected for recycling or reuse, and shall temporarily stockpile these materials in clearly signed designated areas. These areas must be maintained to control weeds, vectors, and the quality of the materials.
5. The operator shall remove the materials identified in clause 4 of this permit regularly or upon the request of an environment officer, within the timeframe specified.
6. The operator shall remove the household waste deposited at the facility regularly or upon the request of an environment officer, within the timeframe specified.
7. The operator shall implement control measures to prevent the attraction and sustenance of rodents and scavenging vectors.
8. The operator shall not accept any livestock or other animal mortalities at the facility.

### **Surface Water Management**

9. The operator shall construct the facility such that all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the facility boundaries.

### **Burning of Specified Waste**

10. The operator shall only burn separated and readily combustible materials such as boughs, leaves, loose straw, paper products, cardboard, non-salvageable untreated wood, and packing materials derived from wood, and only when there is an appropriate volume of these materials.

### **Composting**

11. The operator shall, unless otherwise approved by an environment officer, compost only yard and leaf waste.

### **Revocation**

12. This permit replaces Permit No. 49491, which is hereby rescinded.
