Dear Dmytri Kandiurin:

Re: Town of Churchill Waste Transfer Station Permit No. 68268

Please find enclosed Permit No. 68268 in response to your proposal dated July 31, 2023. You wish to operate the Town of Churchill Waste Transfer Station at Parcel 3, Plan 844 Block 5 within the Town of Churchill, Manitoba.

The Town of Churchill must follow all permit requirements and federal, provincial, and municipal regulations and by-laws.

Anyone affected by this decision may appeal, in writing, to the Minister of Environment and Climate Change at minecc@manitoba.ca by January 20, 2024. The permit is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/6000wmfpermits/index.html>.

If you have any questions on this approval, please contact Allan Cyrenne, Acting Regional Supervisor, Environmental Compliance and Enforcement Branch at EnvCEEastern@gov.mb.ca or 204-485-6410.

Sincerely,

Transfer Station Operating Permit

File No. : 61440

Permit No.: 68268

Issue Date: December 21, 2023

Following the Waste Management Facilities Regulation under The Environment Act, the Town of Churchill is hereby permitted to run the Town of Churchill Waste Transfer Station (facility) at Parcel 3, Plan 844 Block 5 within the Town of Churchill, Manitoba. Schedule A of this permit identifies the facility.

This permit is subject to being amended, suspended, or revoked under sections 7 and 9 of the Waste Management Facilities Regulation.

General Terms and Operating Conditions

1. This permit expires on December 21 2028.
2. The operator must maintain and operate the facility following the Waste Management Facilities Regulation and any future amendments, and this permit.
3. The operator must obtain approval in writing from the director before altering the facility.

Materials Acceptance and Handling

4. The operator must segregate materials collected for recycling or reuse, and must temporarily stockpile these materials in clearly signed designated areas. The operator must maintain these areas to control weeds, vectors, and the quality of the materials.
5. The operator must remove all materials received at the facility regularly or upon the request of an environment officer, within the timeframe specified.
6. The operator must implement control measures to prevent the attraction and sustenance of rodents and scavenging vectors.
7. The operator must not accept any livestock or other animal mortalities at the facility.

Hazardous Wastes

8. The operator must collect and dispose of any hazardous waste following The Dangerous Goods Handling and Transportation Act, and other federal, provincial, and municipal regulations.

Surface Water Management

9. The operator must construct the facility such that all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the facility boundaries.

Composting

10. The operator must not allow composting at the facility.

Revocation

11. This permit replaces NW-200501REV1, which is hereby rescinded.
