Dear Darren Myers:

Re: Municipality of Glenboro-South Cypress Permit No. 8027 P2

Please find enclosed Permit No. 8027 P2 in response to your proposal dated February 16, 2023. You wish to operate the Glenboro-South Cypress waste transfer station on portions of SE 21-7-14 WPM within the Municipality of Glenboro-South Cypress, Manitoba.

The Municipality of Glenboro-South Cypress must follow all permit requirements and federal, provincial, and municipal regulations and by-laws.

Anyone affected by this decision may appeal, in writing, to the Minister of Environment and Climate at minec@leg.gov.mb.ca by July 19, 2023. The permit is available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/6000wmfpermits/index.html>

If you have any questions about this approval, please contact Kristy Forestall, Regional Supervisor, Environmental Compliance and Enforcement Branch at EnvCEWestern@gov.mb.ca or 204-573-0518.

Sincerely,

Original Signed By
Agnes Wittmann
Director

Transfer Station Operating Permit

File No. : 16658

Permit No.: 8027 P2

Issue Date: June 19, 2023

Following the Waste Management Facilities Regulation under The Environment Act, the Municipality of Glenboro-South Cypress is hereby permitted to run the Glenboro-South Cypress Waste Transfer Station (facility) on portions of SE 21-7-14 WPM within the Municipality of Glenboro-South Cypress, Manitoba. Schedule A of this permit identifies the facility.

This permit is subject to being amended, suspended, or revoked under sections 7 and 9 of the Waste Management Facilities Regulation.

General Terms and Operating Conditions

1. This permit expires on June 19, 2028.
2. The operator must maintain and operate the facility following the Waste Management Facilities Regulation and any future amendments thereof, and this permit.
3. The operator must obtain approval in writing from the director under The Environment Act before altering the facility.

Materials Acceptance and Handling

4. The operator must segregate materials collected for recycling or reuse, and must temporarily stockpile these materials in clearly signed designated areas. The operator must maintain these areas to control weeds, vectors, and the quality of the materials.
5. The operator must remove all materials received at the facility regularly or upon the request of an environment officer, within the timeframe specified.
6. The operator must implement control measures to prevent the attraction and sustenance of rodents and scavenging vectors.
7. The operator must not accept any livestock or other animal mortalities at the facility.

Hazardous Wastes

8. The operator must collect and dispose of any hazardous waste following The Dangerous Goods Handling and Transportation Act, and other federal, provincial, and municipal regulations.

Surface Water Management

9. The operator must construct the facility such that all uncontaminated surface water flows to the perimeter ditch and impacted water from all material storage areas is contained within the facility boundaries.

Burning of Specified Waste

10. The operator must only burn:
- a) separated and readily combustible materials such as boughs, leaves, loose straw, paper products, cardboard, non-salvageable untreated wood, and packing materials derived from wood; and
 - b) only when there is an appropriate volume of materials as identified in clause 10 (a) of this permit.

Composting

11. The operator must not allow composting at the facility.

Revocation

12. This permit replaces Permit No. 8027 P1, which is hereby rescinded.
