Dear Pierre-Olivier Sauvageau:

**Re: Environment Act Licence No. 3335 - Notice of Alteration Request**

Thank you for your notice of alteration submission dated March 20, 2022, in accordance with Section 14 of The Environment Act.

The alteration is to modify the initial design proposed for the peat bunker. The revised design will use stacked containers instead of a concrete wall. The change raises the height of the wall from 16 feet to 17 feet.

I am satisfied that the potential changes in the environmental effects resulting from the proposed alteration would be insignificant. Therefore, I approve the implementation of the March 10, 2022 notice of alteration.

All clauses of Environment Act Licence No. 3335 remain in effect.

Should you have any questions regarding this approval, please contact Krystal Penner, Pesticide and Agricultural Program Specialist, Environmental Approvals Branch, at [Krystal.Penner@gov.mb.ca](mailto:Krystal.Penner@gov.mb.ca) or 204-945-7107.

Sincerely,
