Winnipeg MB R3H 0W4**RE: Vivian Sand Processing Facility (File # 6057.00) – Minor Notice of Alteration**

Dear Mr. Capotosto,

On behalf of Sio Silica Corporation ('Sio'; formerly CanWhite Sands Corp), attached is a completed Notice of Alteration form regarding Environment Act Licence (EAL) No. 3367 for the Vivian Sand Processing Facility Project (the 'Project') issued December 16, 2021.

Sio is proposing to adjust the alignment of the 1 km long facility access road to be on Sio-owed land slightly south of the originally proposed location with a minor crossing on Rural Municipality of Springfield land (see attached figure: 'Sio Silica Proposed Access').

The previous access road alignment and proposed alignment alteration both occur through similarly vegetated landcover with no existing infrastructure. Our environmental review of the proposed alteration has determined that the revised facility access road alignment will not result in additional residual environmental impacts after the application of mitigation measures as described in the Environment Act Proposal (AECOM, July 2, 2020) for this project.

If you have any questions regarding the proposed project, please contact me at your earliest convenience.

Yours sincerely,

Marlene Gifford
Biologist, Environmental Assessor
