

Notice of Environment Act Proposal

Manitoba Conservation and Climate has received a proposal pursuant to The Environment Act regarding the following operation and invites public participation in the review process:

Potash and Agri Development Corporation of Manitoba Ltd. (PADCOM) – Potash Solution Mine – FILE: 6126 .00

An Environment Act Proposal has been filed by PADCOM for the construction and operation of a potash mine and potash processing plant located on section 28-20-29 WPM in the Hamlet of Harrowby approximately 16 kilometers west of Russell in the R.M. of Russell-Binscarth. The potash will be mined using solution mining and processed to separate the potash from the brine solution in the processing plant. Following an initial mining production test of up to 70,000 tonnes of potash, the mine would be scaled to produce up to 250,000 tonnes per year of potash.

Anyone likely to be affected by the above operation and who wishes to comment on the proposal should contact Jennifer Winsor, Senior Environmental Engineer, in writing or by email at Jennifer.Winsor@gov.mb.ca not later than November 15, 2021. Further information is available from the Online Public Registry: www.gov.mb.ca/sd/eal/registries

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of The Environment Act.
