Dear David Abas:

**Re: Abas Girls Inc. and Abas Girls Ranch - Environment Act Licence No. 3371 -
Notice of Alteration Approval**

Thank you for your notice of alteration dated January 24, 2025, submitted on your behalf by Jessica Manness, P.Eng. with JME World Consultants. The department understands you wish to request an extension to your licence as you have not yet started construction.

I approve the alteration per Section 14(2) of The Environment Act with the following conditions:

- If construction of the development has not commenced by February 23, 2028, the licence is revoked.
- Should a further extension be needed at that time, the request must be accompanied by an updated loading estimate for the facility to ensure that the design capacity remains appropriate.

All other clauses of Environment Act Licence No. 3371 remain in effect. This approval is available on the public registry at
<https://www.gov.mb.ca/sd/eal/registries/index.html>.

If you have any questions regarding this approval, please contact Bereket Assefa, Environmental Engineer, Environmental Approvals Branch at
