To whom it may concern:

In reference to the letter dated December 27, 2017 from Manitoba Sustainable Development informing facilities of the elimination of the total coliform requirement from our wastewater treatment facilities.

For license #638 R, for the Town of Pine Falls, please remove the total coliform requirement and replace it with a Fecal Coliform limit in Clause 2b (iv). Please note that Clause 2a does not apply to our facility and could be removed from the license.
