RE: Gilbert Plains Lagoon Sludge Removal  
Client File No. 91.20

Dear Ms. Braun:

Manitoba Infrastructure (MI) has reviewed the proposal under the *Environment Act* noted above and has the following concerns/comments associated with the proposed development:

- The proponent should be informed that, under the Highways and Transportation Act a permit is required from MI in order to place a temporary pipeline within the PTH 5 right-of-way (ROW).

The proponent should contact Cheri Percival (204) 622-2377 regarding permitting etc. within MI ROW.

Thank you very much for providing us the opportunity to review the proposal.

Sincerely,

Kimber Osiowy, M. Sc., P. Eng.  
Manager of Environmental Services

Hello:

Western IRMT reviewed proposal and only comment that was received is that environmental set backs to Wilson River Should be recognized before establishment and also for operation.

Thank you

Hi Bereket,

I was out of the office much of last week so I hope this is not too late. The Office of Drinking Water has no concerns with respect to drinking water safety in the above-noted EAP.

Regards,
