

# PLANT LIST

2024 JANUARY

MANITOBA CONSERVATION DATA CENTRE

WILDLIFE BRANCH

## Metadata

### Summary

List of plant elements (species) extracted from the Manitoba Biotics database on January 2024.

The Manitoba Conservation Data Centre, in Manitoba Fisheries and Wildlife Branch, maintains this list and the Biotics database.

Version 3 query used to generate this list includes field name changes and addition of element track status.

| Field           | Definition  |
|-----------------|---|
| GROUP_TAXON     | Element (species) groupings not formally recognized taxonomic units   |
| FAMILY          | Taxonomic family group  |
| SCIENTIFIC_NAME | Element name including genus and specific epithet   |
| COMMON_NAME     | Element common name   |
| S_RANK          | Subnational (provincial) conservation status ranks. Ranks the species's rarity on a scale of 1 (rare) to 5 (common) ( <a href="https://explorer.natureserve.org/AboutTheData/Statuses">https://explorer.natureserve.org/AboutTheData/Statuses</a> ) |
| N_RANK          | National (federal) conservation status ranks. Ranks the species's rarity on a scale of 1 (rare) to 5 (common) ( <a href="https://explorer.natureserve.org/AboutTheData/Statuses">https://explorer.natureserve.org/AboutTheData/Statuses</a> )       |
| G_RANK          | Global conservation status ranks. Ranks the species's rarity on a scale of 1 (rare) to 5 (common) ( <a href="https://explorer.natureserve.org/AboutTheData/Statuses">https://explorer.natureserve.org/AboutTheData/Statuses</a> )                   |
| ESEA            | Provincial Endangered Species and Ecosystems Act listing  |
| SARA            | Federal Species at Risk Act listing   |
| COSEWIC         | Committee on the Status of Endangered Wildlife in Canada recommendation   |
| TRACK_STATUS    | Displays if element occurrences actively added to provincial database (Tracked). See definition table below.  |

### Definition of Provincial, Federal Species at Risk Act, and COSEWIC codes

| ESEA/SARA/COSEWIC | DISPLAY_VALUE   |
|-------------------|-----------------|
| NL                | Not Listed      |
| SC                | Special Concern |
| T                 | Threatened      |
| E                 | Endangered      |

### Definition of track status codes

| TRACK_STATUS | DISPLAY_VALUE  |
|--------------|--|
| Y            | Track all extant and selected historical occurrences       |
| P            | Track selected extant Occurrences (i.e., partial tracking) |
| W            | Track on a watch list only                                 |
| N            | Do not track   |
