CANADA’S GOT OVER 9,000,000 KM². THAT’S A LOT OF GROUND TO COVER.
WELCOME TO MANITOBA PARKS.

As Minister of Sustainable Development, I am pleased to welcome you to Manitoba’s provincial parks, where the great outdoors provides a memorable environment for your leisure or holiday enjoyment.

Whether your goal is family fun, a fishing or ecotourism adventure or a quiet commune with nature, you will find it all here in our impressive network of all-season parks.

The many faces of Manitoba – from hills to desert to pristine lakes to awe-inspiring greenery – are a wonder to discover for residents and visitors of all ages. Our province boasts some of the world’s finest sandy beaches, outdoor festivals, unique nature observation sites and cultural experiences, all complimented by our renowned provincial hospitality.

Conserving our province’s natural splendor remains a priority for our government, as we continue to work to ensure Manitoba’s parks, and other natural spaces, will thrive for generations to come.

Honourable Rochelle Squires
Minister of Sustainable Development
Invasive Pests are Threatening Manitoba’s Trees

Trees are a valuable source of shade during Manitoba’s hot summers. Not only that, but trees help reduce pollutants and dust in the air, reduce run-off during rain storms, and provide recreational opportunities. Manitoba’s trees are threatened by invasive forest pests like the emerald ash borer (EAB), which was recently discovered in Winnipeg. These are diseases and insects that are not native to Manitoba and can be highly destructive, because the natural controls from their native habitats are not present here.

While Dutch elm disease (DED), an invasive fungal disease, has already had a considerable impact on Manitoba’s elms, EAB threatens to destroy our ash trees.

Winnipeg is now regulated by the Canadian Food Inspection Agency for EAB meaning that firewood of all species, raw ash logs and material, and ash nursery stock cannot be taken out of Winnipeg and moved to other areas without written permission from the CFIA. Also note that the transport and storage of elm in Manitoba is prohibited by provincial law.

While DED has been successfully managed in many areas, EAB is proving to be much more difficult to control. The key to defending Manitoba’s trees from this invader is prevention and early detection.

Do Your Part

- Do not move firewood over distances. Purchase your firewood locally, and burn it where you buy it.
- Don’t bring ash and elm wood to our provincial parks.
- Familiarize yourself with the signs and symptoms of EAB, and report any suspicious trees to the Provincial Tree Line: 204-945-7866.

Manitoba’s online Parks Reservation Service is the easy, convenient way to make sure you can enjoy your favourite campsite this season. The Manitoba-made and operated system allows users to browse available campsites, photos, and view park maps and details about each campsite. With real-time, up-to-date information, the system improves connections between campground offices and the reservation system and provides a better way to manage park resources and campground inventory.

Visit us online at manitobaparks.com to make your campsite reservations. Group use, cabin, yurt and Birds Hill campsite reservations can be made Monday, March 19th. Reservations for campsites at Winnipeg Beach and the Whiteshell open on Monday, April 2. All other campsite reservations open on Monday, April 4. For telephone assistance, call toll free 1-888-4U2-CAMP (1-888-482-2267) or in Winnipeg at 204-948-3333.

Making reservations for others
Now, making online reservations for family and friends is easier than ever. Simply ensure their name, account number, address information and number of people is handy, because reservations must be in the name of the person who will be occupying the campsite. Then, just make one easy payment to secure all your reservations.

Cancellations, Changes, and Refunds
If your plans change, please let us know.

- If you cancel four or more days in advance of your arrival date, you will receive a refund, less the $10.00 non-refundable reservation fee.
- If you cancel within three days or less, you will receive a refund, less the $10.00 non-refundable reservation fee and the first night’s camping fee.
- If you cancel after your arrival date, no refund will be issued.
- Depending on availability, changes to reservations regarding dates and location or facilities may be allowed for a non-refundable change fee of $4.00. However, changes made within three days or less of your arrival date that involve a later arrival, or moving to another campground will be subject to an additional non-refundable nightly camping fee plus the change fee. Name changes for reservation holders are not allowed.

Rates
Camping fees vary depending on the availability of surcharged services such as modern washrooms, showers, hookups and firewood. Minimum nightly fees apply in the case of group camping.

Hiking
Take a hike on thousands of kilometers of trails, ranging from short-one hour hikes to a half-day adventure to overnight backcountry excursions. Discover something new on one of our many self-guiding trails featuring interpretive signs.

Cycling
From paved routes to backcountry adventures to winter fat biking, mountain biking can be a thrilling way to experience our parks.

Canoeing and Kayaking
Paddling a canoe route into a remote lakeside campsite can be the adventure of a lifetime.

Winter Trails
Several parks feature groomed and tracked cross-country ski trails, allowing you to glide effortlessly through the snow on your favourite trails. We also have trails for skate skiing, skijoring, dogsledding, snowshoeing, fat biking and winter hiking. There are also hundreds of kilometres of groomed snowmobile trails. Be sure your outing includes a stop at a warm-up shelter for a hot lunch!

Viewing Wildlife and Wildflowers
Manitoba’s diverse habitats provide excellent opportunities to view wildlife and wildflowers. Every spring and summer hundreds of native plants, shrubs and grasses unfold and bloom and a great variety of animals are active year-round.

Hunting, Fishing and Trapping
Many of our parks are an angler’s paradise with lakes and rivers teaming with trophy fish. Some of our larger parks with backcountry and wilderness areas are also open to hunting and trapping. Check regulations at the local Sustainable Development office before your outdoor pursuits.

For more information on recreational activities in Manitoba Parks, visit manitobaparks.com.

Take Only Pictures, Leave Only Footprints
Practice the principles Leave No Trace to minimize negative impacts on parks and the natural landscape.

Plan ahead and prepare
Travel and camp on durable surfaces
Dispose of waste properly
Leave what you find
Minimize campfire impacts
Respect wildlife
Be considerate of other visitors

By following these seven principles when recreating in provincial parks, we can ensure that everyone has a positive outdoor experience.
Are you looking for something to make your next Manitoba park visit more memorable? Follow us over the hills, through the woods and across sandy beaches to family fun. Attend an evening event and travel through time to meet those who came before us, without leaving the comfort of a campfire. Take the path less travelled as interpreters guide you through a new trail or help you rediscover an old one. Interpreters love questions, so ask yours anytime, anywhere!

Interpretive Events
Park interpreters provide guided hikes, special events, family activities, campfire talks and amphitheatre presentations in select parks in all four seasons of the year. Interpretive programs are free and open to everyone! For program listings go to the Events tab on our Facebook page www.facebook.com/MBGovParks or look for event posters in your favourite park.

School Programs in Provincial Parks – The Ultimate Outdoor Classroom!
Teachers, are you looking for a way to bring your lessons to life? Take your students to a provincial park for an opportunity to follow in the steps of history or experience science in action. Interpreters deliver programming on cultural history, ecology and flora and fauna study, as well as outdoor skills. Programs are often multi-disciplinary and tied directly into Manitoba Education curriculum learning outcomes. School programs are free to all grades!

Make a family discovery at an Interpretive Centre/Museum
Park interpreters will greet you and answer any questions you have about our unique natural, cultural, historical and park management resources. Spend a few minutes or an entire afternoon at one of our park centres, exploring hands-on exhibits and interpretive activities.

- Alfred Hole Goose Sanctuary (Whiteshell)
- Hecla School
- St. Norbert
- Spruce Woods Park Centre
- Whiteshell Fish Hatchery
- Whiteshell Natural History Museum

For more information visit manitobaparks.com or email our Interpretation Unit: ParkInterpretation@gov.mb.ca
Get Your Free Bin Bag

Recycle Everywhere is giving away the lightweight, collapsible Bin Bag.

The Bin Bag was designed to help Manitobans recycle their empty beverage containers at the cottage, campground, or while out enjoying the summer months.

Along the Way to the Prairie Seas...
Central Region

In the heart of the continent, some of the world’s largest freshwater lakes create an oasis for lovers of water and shoreline adventure. Long, sandy beaches are ranked among the best in North America. Test the winds and waters by boat, kayak or sailboard. Discover marshes and wetlands teeming with birds, reptiles, amphibians and other life. Trace the steps of early explorers and pay tribute to the Métis, Scottish, Ukrainian and Icelandic settlers at the many historic sites and museums in this area.

**Available on some sites.**

Campsites have a picnic table and firepit. Drinking water is available. Maximum stay is 21 nights. Yurts and cabins have a maximum stay of 14 nights. A select number of yurts and cabins are designated pet friendly. Please note: a maximum of two pets is allowed per designated yurt or cabin (dogs or cats only). Rates and services are subject to change without notice.
Follow the trails of Voyageurs...

To many outdoor adventurers the forested and granite-ridged Canadian Shield is the very heart of Canada. Manitoba’s Eastern Region offers easily accessible, but still pristine Shield country. Paddle for an hour or a week, take a short family stroll or tackle an epic backcountry trek, cool off in the heat of summer, warm up your winter, or peer into history through fascinating ancient rock petroforms. Campsites, comfortable and roomy yurts, rustic cabins and luxury lodges give you a base to enjoy the parks of the Eastern Region.

Land of the Northern Lights
Northern Region

Northern Manitoba’s parks give you convenient access to the wilderness heart of Canada’s North. Explore rugged landscapes and clear lakes teeming with trophy-sized fish. Hike or paddle to mighty waterfalls and rapids. Spend sunny days on the beach and at night enjoy the shimmering beauty of the Northern Lights. Listen for wolves while watching for woodland caribou, moose and waterfowl. Visit the museums and historic sites to learn more about the Indigenous people, fur traders and miners who helped settle this vast frontier.

NORTHERN REGION MAP
Discover the Wilds of Manitoba's West
Ramble through a land of rolling hills, forested highlands, and wide open stretches of sage, shortgrass and cactus straight out of a western movie. It’s Manitoba’s Western region. Hike, bike and ski through vast valleys, fields of prairie grass and forested prairie mountains. Look for moose, elk, turtles and snakes. Wonder at drifting sand dunes. Many museums and heritage sites throughout the region tell the story of the land and the lives and times of the pioneers in this diverse area.

Manitoba
Provincial park beaches are now tobacco free zones. Manitoba Parks encourages you and your groups to keep the following tips in mind to ensure being around the water is not only fun, but safe as well.

- Watch children at all times and stay within arm’s reach. Never leave them alone in or near water.
- Ensure children are properly supervised by an adult, especially when adults may be distracted by activities such as meal preparation, equipment set-up or packing. Adult supervision is the best protection for children.
- Swim only in designated swim areas.
- Be aware of your swimming limitations. Don’t try to go beyond your ability.
- Ensure that you and your group know how to swim. It is the best way to stay safe in and around the water.
- Don’t bring inflatables to the beach. Wind can blow them into the water where children tend to follow.
- Always check water depth before diving. Water levels may change from day to day due to changing weather conditions.
- Never swim alone. Always swim with a friend and watch out for each other.
- Weaker swimmers and young children should wear a properly sized life jacket or personal floatation device (PFD).
- Don’t consume alcohol before or while swimming. Alcohol impairs your abilities and judgment.
- Take swimming and water safety lessons. Learn First Aid and CPR skills so you can help yourself and others.

Drowning is Preventable!

Manitoba’s provincial parks are ideal for boating, but boating fun can quickly turn to tragedy. To stay safe while enjoying our waterways, please follow these important safety guidelines:

- As of September 15, 2009, all operators of recreational, motorized, pleasure-craft in Canada require a Pleasure Craft Operator Card (PCO Card) or proof of competency. Get your PCO Card and get trained. Learn more about boating safety, equipment requirements, regulations, and how to respond in emergency situations. For more information call toll free: 1-800-267-6687
- Tell someone of your travel plans, where you are going and when you are expected to return.
- Always wear a lifejacket or personal floatation device (PFD). It could save your life. Less than 10 percent of Manitoba drowning victims wore a lifejacket or PFD.
- Drive responsibly and at a moderate speed. Laws prohibit the operation of a vessel in a careless or inconsiderate manner.
- Don’t drink and drive. Alcohol impairs vision and judgment and is involved in 31 percent of water related deaths in Manitoba.
- Kayakers should ensure they can be seen in water by wearing bright colored lifejackets or PFDs.
- Drive responsibly and at a moderate speed. Laws prohibit the operation of a vessel in a careless or inconsiderate manner.
- Don’t drink and drive. Alcohol impairs vision and judgment and is involved in 31 percent of water related deaths in Manitoba.
- Kayakers should ensure they can be seen in water by wearing bright colored lifejackets or PFDs.
- Cooking and heating in enclosed spaces can cause carbon monoxide to accumulate and lead to poisoning. Boaters should only use fuel-burning appliances in well-ventilated places. Swimmers should not swim where boat engine exhaust may accumulate.

For more information about boating safety, please contact:
Office of Boating Safety, Transport Canada

BE BEAR SMART
WHEN IN BLACK BEAR COUNTRY

Never feed or approach a bear, or any wild animal.

- Be alert
- Make noise
- Travel in groups
- Keep dogs on leash
- Keep bear spray handy & know how to use it
- Store food & garbage where bears can’t access it
- Never leave food unattended
- Leave only footprints behind (not garbage)

WHEN ENCOUNTERING A BEAR

- Stop and assess the situation and the bear’s response.
- During a surprise encounter, slowly back away and prepare to deploy bear spray.
- If the bear charges, stand your ground and use your bear spray.
- If the bear attacks during a surprise encounter, play dead.
- If the bear persistently stalks you and then attacks, fight back.
- If the bear attacks you in your tent, fight back.

Bears should neither be feared nor dismissed as harmless, but should be respected for the potential danger they pose.

For more information, visit www.manitoba.ca/blackbear
Pet Friendly Cabins and Yurts:
Because no one likes leaving their four-legged family members at home, Manitoba Parks has a limited number of pet friendly cabins and yurts for visitors who want to bring their cat or dog. Check the Parks Reservation Service website at manitobaparks.com for pet friendly options.
Do you have allergy concerns? Be sure to reserve one of the many other cabins or yurts not designated as pet friendly. No animals are permitted inside these facilities.

A Walk in the Park
Dogs on a leash are allowed on most walking trails. However, some trail uses don’t mix well with dog use, such as trails used for cycling, horseback riding, cross-country skiing or snowmobiling. Please check the trailhead sign to see if there are any restrictions or special designations.

Even the most loving, well-trained dog may act differently or even aggressively when in a new place, around new people, or in the presence of wildlife. Aggressive dogs are best left at home.
If you do bring a dog to a provincial park, you are responsible for it at all times and in all places in the park. This means that you must:
• take responsibility for the behavior and conduct of your animal
• clean up after your dog and place its waste in a garbage container (if garbage containers are not available, you must remove your dog’s waste from the park)
• ensure your dog does not make excessive noise or disturb other park users
• ensure pets are on a leash

Good Reasons to Keep Your Dog On-Leash
• To respect other park users. Some people are allergic to dogs and some people fear them.
• To prevent injuries. Your dog could frighten or jump on a child or senior and cause a fall or injury.
• To keep them from harassing wildlife.
• To avoid collisions with other park users including cyclists and motor vehicles.
• To protect species at risk. Animals that den or nest at ground level are easily trampled by a dog running free.
• To reduce the risk of conflict with other dogs.
• To minimize unpleasant or painful encounters with wildlife such as skunks or porcupines.
• To keep your dog safe. Dogs can’t read warning signs about eroding cliffs, drop-offs or other hazards.
• It’s the law. The rules and regulations of The Provincial Parks Act requires all pets to be leashed, tied up, caged, or under direct physical control at all times.

Following these guidelines will help ensure that Manitoba’s provincial parks remain enjoyable for all.

PAWS IN PARKS
Pets are welcome in Manitoba provincial parks. Many park visitors find that bringing pets enhances their overall outdoor experience; however, pets and their owners must share their park experience with all other visitors.
Protect Yourself from Ticks

Tick-borne Diseases in Manitoba
The blacklegged tick is the most common carrier of tick-borne diseases in Manitoba, including Lyme disease. After spending time outdoors, always check yourself, children and pets for ticks as soon as possible.

Protect Yourself from All Tick Bites
Apply an appropriate tick repellent, containing either DEET or Icaridin, to both clothing and exposed skin. Wear light-coloured, long clothing so ticks are more visible.

How to Remove a Tick
Remove the tick as soon as possible. Use fine tweezers to grasp the tick as close to the skin as possible.
Pull up with steady, even pressure. Do not crush or twist.
Clean the bite wound with soap and water. Don’t use petroleum jelly, nail polish, or a hot match to remove the tick.

Mark the date of tick bite on a calendar. Save your tick and visit: www.manitoba.ca/tickborne for more information, including symptoms of tick-borne diseases.
Treatment for tick-borne diseases is available. See your health care provider if you develop symptoms.
May 18 – 21
Victoria Day Long Weekend
Relax and enjoy the first long weekend of the camping season.

June 9 – 10
**Family Fishing Weekend**  **FREE PARK ENTRY WEEKEND**
Family Fishing Weekend takes place across Manitoba (excluding federal parks). Individuals wishing to fish may do so without a licence. All other rules and regulations apply. For more information call 1-800-214-6497.

June 21
**National Indigenous Peoples Day**

June 29 - July 2
**Pine Fort Days**
History comes alive at fur trader rendezvous at Spruce Woods Provincial Park - check out the trade camp, try flint knapping, bannock baking and firing cannons and muskets!

July 1
**Bison Days**
Take in the family fun at this annual celebration of our cultural history at Birds Hill Provincial Park.

July 5 – 8
**Winnipeg Folk Festival**
Canada’s greatest folk and roots music festival takes place at Birds Hill Provincial Park.

July 21
**Canada’s Parks Day**  **FREE PARK ENTRY WEEKEND**
Celebrations in Manitoba’s provincial parks offer a wide variety of family oriented activities and interpretive programs.

August 3 – 6
**Terry Fox Day Long Weekend**

---

August 31 - September 3
**Labour Day Long Weekend**  **FREE PARK ENTRY WEEKEND**
