

Norris Lake Provincial Park

Campground Tips

- Help prevent the spread of aquatic invasive species. Always “Clean, Drain, Dry and Dispose” when using watercraft or water-related equipment.
- Build no fires except in a designated firepit or use a camp stove. Before leaving make sure your fire is completely out.
- Please! Do not litter.
- Be sensitive to wildlife. Bears can be dangerous and should not be fed. Food must be stored away from your campsite, preferably in a locked vehicle, to avoid attracting hungry animals. Do not store food in your tent.
- The use of insect repellent will add to your comfort.
- Learn to recognize and avoid poisonous plants such as poison ivy.
- In case of injury or illness contact a Campground Attendant or Park Patrol Officer. They can assist you to reach medical help.
- Canoeists and hikers travelling in backcountry areas should advise a friend of their intended destination and anticipated length of trip.
- Backcountry camping is only allowed at designated campsites.
- It is illegal to use or transport elm firewood.
- Moving firewood can spread harmful invasive species and destroy our forests. Protect Manitoba’s trees. Don’t move firewood.

- Launch a canoe or cast off from the scenic shores of Norris Lake

The vibrant and picturesque Interlake region is home to Norris Lake Provincial Park Campground. It offers 15 basic sites and three group-use sites for overnight camping and day use. These private group sites overlook the lake and are surrounded by oak and poplar trees. These sites also offer a good location to launch a canoe or park a boat on the scenic shore. Visitors can enjoy a variety of activities including fishing for northern pike, waterskiing and swimming. If you enjoy golfing, nearby Teulon and Inwood offer golf courses.

Near Norris Lake, you will find the Narcisse Wildlife Management Area. Here, you can see more snakes at a glance than anywhere else in the world. In the spring, thousands of red-sided garter snakes emerge from limestone sinkholes and tangle together during a fascinating mating ritual. The snakes then disperse to the nearby marshes for the summer, returning to their dens in the fall.

More information on Norris Lake Provincial Park Campground is available on request from the Winnipeg Beach Campground office or Winnipeg Beach District office.
