Campground Tips

- Be Wildlife Smart. Do not feed any wildlife, including birds or squirrels. You are in black bear country - secure all attractants such as food, cooking equipment and trash in a locked vehicle. Do not store food or attractants in your tent.
- Practice Leave No Trace. Pack out all gear and trash to keep the campsites clean for others.
- Keep dogs on leash and clean up after your pet.
- Learn to recognize and avoid poisonous plants such as poison ivy.
- Open fires are prohibited. Use portable stoves or fire pits provided.
- Don't Move Firewood - Moving firewood can spread harmful invasive species and destroy our forests.
- Prevent the spread of aquatic invasive species. Always clean, drain, dry watercraft and water related equipment. Visit manitoba.ca/stopais for full regulations.
- In case of injury or illness contact a Park Attendant or Park Patrol Officer. They can assist you to reach medical help.
- Full camping regulations are available in the Campers Guide, available from park offices and online at manitobaparks.com.

- Visit Hecla Village, play on the beaches or walk the limestone cobbled shores

The sun warming your skin on the beach... creaking floors of restored historic buildings... sparkling waters surrounding the catch of the day ... everyone will find their own special experience at Hecla/Grindstone Provincial Park. A peninsula of land, a series of islands and adjacent waters in Lake Winnipeg combine to form this unique park.

Visit beautiful Hecla Provincial Park and discover an intriguing mosaic of spirits. The maritime flavour of the island, combined with the heritages of Icelandic, Anishinabe and Ukrainian cultures, may inspire you to visit the Hecla Island Heritage Home Museum or other historic sites. Along the shoreline's winding scenic drive, stop by the turn of the century fishing village. Restored buildings include a church, community hall, 1920s school, an Icelandic home and a village store, still in operation. Black Island protects several ceremonial sites formerly used by Anishinabe people. These destinations are set in a variety of landscapes ranging from coniferous and mixed forest, limestone cliffs, silica sand beaches and marshes.

Interpretive programs provide a better understanding and appreciation of the park, how the land was created, the wildlife that lives on it and how it is managed. Share the excitement of hearing wolves answer an interpreter's call or watch as your children create nature crafts in the Hecla Village School.

At Gull Harbour Point, climb the wildlife viewing tower for a magnificent view of the Island and Lake Winnipeg. At Grassy Narrows Marsh, see wetland birds like the great blue heron and the yellow-headed black bird. Fish for your supper or enjoy activities at the playgrounds, tennis courts, beach, picnic areas, boat dock and marina with boat rentals.

Championship golf awaits at one of Manitoba's most famous 18 hole golf courses. From your panoramic view on the hiking and bicycle trails, catch a glimpse of moose, wolves or bald eagles.

More information on Gull Harbour Campground and Hecla/Grindstone Provincial Park is available on request from the park office.
