

Winter Trails Grooming Report

March 11, 2021

This report is based on known conditions on the above date as reported by each park. Please be aware that conditions may vary due to weather.

This report is for groomed non-motorized trails for winter activities. Any ungroomed trails not listed here are also available for hiking and snowshoeing. Snowmobile trail information is available at snoman.mb.ca.

For more information, please contact the phone numbers provided for each park.

Permitted Activities Descriptions	
Respect all trail users by only using trails designated for your activity. <i>Never walk on ski-only trails.</i>	
Ski Track sets groomed for classic skiing only.	Walking Groomed regularly for easy walking, trail running and snowshoeing.
Skate Ski Flat groomed for skate skiing.	Snowshoe Groomed infrequently for snowshoeing, hiking and trail running.
Skijor Flat groomed for skate skiing and kicksledding with dogs.	Bike Fat biking trail.
Shared Use Double track trails with track sets for classic skiing on one side, all other activities permitted on opposite side. Do not step on ski track sets.
