Dear Ms. Wittmann:

SLAVE FALLS GENERATING STATION – SHORT-TERM EXTENSION
LICENCE

We request a renewal of the Short-Term Extension Licence (STEL) for the Slave Falls Generating Station under the provisions of Section 92(6) of Water Power Regulation 25/88R. We request that the STEL be renewed for a five-year term. The third STEL was issued for a nine-month term and expires September 30, 2026.

Manitoba Hydro continues to operate the Slave Falls Generating Station in accordance with the third STEL. The supporting documentation provided in 2021 prior to issuance of the first STEL is still valid. Ongoing compliance with the licence is documented in our Annual Water Levels and Flows Compliance Report.

If you have any questions about this matter, please call me at 204-360-3018.

Yours truly,

W.V. Penner, P.Eng
Manager, Waterway Approvals and Monitoring Department
