Dear Mr. Pankratz

This correspondence is intended to follow up the previous correspondence that you had submitted to Rick Lemoine of this Department on January 15, 1996.

The plan you had submitted is acceptable. However, as the product that you will be storing and transporting in the water storage truck is not a Dangerous Good, you will not be required to placard the vehicle, nor will any permits be required for transport or storage.

Should you have any questions regarding this correspondence, you can contact me at 945-7094.

Yours truly,
