EDWIN YEE**DATE:** MARCH 25, 1996**FROM:** Harley Pankratz**FILE:** WX-03866**RE:** TRANSPORT OF SOIL FROM CENTRA SITE TO MID CANADA SOIL TREATMENT  
FACILITY IN SANFORD

---

AEE plans to transport the PAH impacted soil and water from the Centra site to Mid Canada's site in Sanford on Tuesday, March 26, 1996. We anticipate that the soil transport will be completed in one day and the water transport in a separate day. The soil will be placed on a 6 mil poly liner until the lined cell is completed later this week. The soil transport will be undertaken by Hugh Monroe.

If you have any questions, please call.
