VIA FACSIMILE 948-2420

Mr. Randy Webber
Environmental Officer
Manitoba Conservation
123 Main Street, Suite 160
Winnipeg, MB R3C 1A5

Dear Mr. Webber

**RE: Notice of Project - Boyle/Syndicate Combined Sewer Relief
File C.0463**

Please accept this letter as notification that the above reference project will be commencing immediately. Based on the preliminary construction schedule provided by Nelson River Construction (contract award), mobilization and clearing and grubbing of the site will commence on January 17, 2001. Construction of the coffer dam and excavation of the river outfall is scheduled to be completed between the weeks of January 22 and February 15, 2001. Based on this timeline, it is anticipated that NRC will begin excavation of contaminated river sediments on January 23, 2001.

In addition to any site inspections completed by Manitoba Conservation, UMA Engineering Ltd. and the City of Winnipeg would like to extend an invitation to Manitoba Conservation to attend bi-weekly site meetings to commence on January 30th at 1:30 pm.

Should you have any questions or require additional information regarding this project, please contact Mr. Brad Morton or Mr. Larry Bielus at (204) 284-0580.

Sincerely,

UMA ENGINEERING LTD.

Andrew Passalis, E.I.T
Earth & Environmental Division
