Mr. Warren Rospad  
Contaminated Sites Program Specialist/Environment Officer  
Manitoba Conservation and Water Stewardship, Programs and Strategies  
1007 Century Street  
Winnipeg, MANITOBA R3H 0W4

Dear Mr. Rospad:

**NOTICE OF ENVIRONMENTAL INVESTIGATION**  
**35 SUTHERLAND AVENUE, WINNIPEG MB**

Manitoba Hydro will be collecting sediment and surface water samples from the Red River adjacent Rover Avenue between McFarlane Street North and Magnus Avenue from January 12<sup>th</sup> to January 30<sup>th</sup>, 2015. The collection of sediment and surface water samples from the Red River comprises a component of Manitoba Hydro's *Long Term Remedial Monitoring Program* for the Former Sutherland Avenue Manufactured Gas Plant, approved by Manitoba Conservation.

Manitoba Hydro's environmental consultants, North South Consultants and KGS Group, will be conducting the surface water and sediment sampling. If you and your colleagues have an interest and opportunity, please visit the work area during the investigation. Please contact Bonnie Hoffensetz of KGS Group to make the necessary arrangements at (204) 896-1209.

Sincerely,

A handwritten signature in black ink, appearing to read 'SZ'.

Shauna Zahariuk. M.Env.  
Environmental Specialist  
Industrial Assessment & Approval Section  
Environmental Licensing & Protection Department
