**RE: Shell Canada Products' Winnipeg Terminal, 212 Panet Road, Winnipeg, Manitoba
Clean Environment Commission Order No. 1019
Spring 2022 Biofarm Monitoring and Sampling Program**

Shell Canada Products ("Shell") is pleased to submit the referenced report documenting the results of the Winnipeg Terminal biofarm monitoring and sampling program completed in May 2022. The report was prepared for Shell by SNC-Lavalin Inc.

The report has been prepared to satisfy condition 7 of Clean Environment Commission Order No. 1019 ("CEC Order"). The report is being submitted to Manitoba Environment, Climate and Parks ("MECP") with the understanding that ongoing management of CEC Orders now fall under MECP jurisdiction.

There are no issues of concern identified within the report relative to the CEC Order. Sampling will again take place in Fall 2022, per the requirements of this order.

For any questions, do not hesitate to contact the undersigned at +1 403 384 5565.

Sincerely,

Slade Line
Terminal Manager, Winnipeg Terminal
