Age-Friendly Manitoba Recognition

Age-Friendly Community Milestones were developed by the Province of Manitoba, the World Health Organization (WHO), and the Public Health Agency of Canada, as a basis on which communities can be recognized for their age-friendly community efforts.

Recognizing a Community’s Age-Friendly Efforts

When a community completes the Age-Friendly Milestones, the municipal government can apply to have the community officially recognized by the Province of Manitoba, the Public Health Agency of Canada and the World Health Organization.

The Benefits of the Milestone Recognition Program

The program is designed to recognize and reward communities that have shown dedication in the promotion and development of age-friendly initiatives and recognize achievements in becoming an age-friendly community. The benefits include:

- An Age-Friendly Manitoba Initiative (AFMI) recognition award from the Province of Manitoba
- National and international recognition as an age-friendly community
- Promotion of the community’s achievements on the Seniors and Healthy Aging branch website
- Financial recognition to assist the community with any age-friendly initiative

The following steps have been taken towards becoming an Age Friendly community:

SECTION 1

Milestone I: Community Engagement

Established an age-friendly advisory or steering committee that included the active participation of older adults, including engagement in the planning and process of age-friendly activities. (An existing committee with a mandate that aligns with the age-friendly initiative can also serve in this role).

- How many people sit on the committee and how many are older adults?

- List the organizations represented on your committee (attach separate list if required).

- How has the committee consulted with seniors in the community in other ways? For example, community meetings or other events, requests for submission comments (attach separate list if required).
SECTION 2
Milestone II: Council Resolution

Passed a local council resolution that actively supports, promotes and works towards becoming age-friendly (please attach a copy).
(If your community has chosen to include specific age-friendly goals, objectives and policies in your official community plan or strategic plan, please attach the relevant document. See Section 5.)

- Date passed:

SECTION 3
Milestone III: Action Plan

Conducted an age-friendly community assessment/consultation (please attach a copy of results report).

- Date age-friendly community consultation/assessment/survey completed:
- Please describe how seniors were involved in these processes (e.g., focus groups, surveys, number of participants) or indicate where this is described in your report on results.
- Date action plan completed:
SECTION 4

Milestone IV: Public Awareness

Developed and publicized an action plan in consultation with older adults. The plan includes goals, objectives, activities, timing, funding and other resources and target measures (please attach copy).

- Date and location(s) of action plan post (for example, municipal office, municipal website, community centre, other):
