Dear Ken,

**RE: Sinclair Units No. 15 & 16 Approval**

---

The Petroleum Branch is pleased to grant approval of Sinclair Unit No.15 covering Section 15-7-29 WPM and Sinclair Unit No. 16 covering Section 19-7-29 WPM, N/2 18-7-29 WPM, W/2 20-7-29 WPM. Both are located in Daly Sinclair Field. The effective date for both Sinclair Units No. 15 & 16 will be June 1, 2015.

The execution pages of the Unit Agreements are signed and attached.

Red River is reminded that there is no approval yet to start water injection and separate conversion applications are required for any existing horizontals to be converted into injectors within this new Unit. Please inform the Branch 1(one) month in advance of when Red River wants to start injection so a Waterflood Order can be created and TTEF calculated, etc.

If you have any questions in respect of the applications required please contact Leo Leonen, Technical Engineering Officer, at (204) 9456570.

Yours truly,

Keith Lowdon  
Director
