What's New For 2016

The regulations in this guide are in effect on April 1, 2016. The following regulations are new for 2016.

- On Cuddle Lake and Pritchard Lake add to High Quality Management (HQM) and single barbless hooks.
- On Atik Lake, walleye limit is 4.
- On Goudney Reservoir, walleye limit is 4 and all walleye shorter than 35 cm must be released.
- On Mary Jane Reservoir, walleye limit is 4 and all walleye shorter than 35 cm must be released. Black crappie limit is 4.
- On Pelican Lake, all walleye shorter than 35 cm must be released.
- In the Southern Division, the general angling closure is changed from April 1 to the end of school spring break (floating date). The new general angling closure this year will be April 4, 2016.
- On Crowduck Lake, walleye limit is 2 and all walleye between 45 cm and 70 cm must be released.
- On the Red River at St. Andrews Lock and Dam, the Special Conservation Area for pelicans will be closed to all fishing and possession of fishing gear from April 1 to and including November 15.
- New Aquatic Invasive Species legislation and regulations under The Water Protection Act.

Possible Changes

The following possible regulation changes are listed a year in advance to give anglers a chance to express their opinions. To comment on these possible changes, e-mail: fish@gov.mb.ca or call (204) 945-6640.

- On Wekusko Lake, remove the closure from April 1 to April 30.
- On Seech Lake, all walleye shorter than 35 cm must be released.
- On Naosap Lake, walleye limit is 4.
- Tees Lake will be added to the stocked trout waters list.
- The combined limit for brown and black bullheads will be 25.
- The limit for freshwater drum will be 15.
- Add cast nets and size restrictions to the list of fishing gear that may be used.
- Adjust the boundary between the Southern and Northeast Divisions.

Pending Changes

The following changes fall under the Fisheries Act of Canada and require federal approval prior to becoming law.

- West Blue Lake will be added to the stocked trout waters list.

Angling Licences

All persons, except those exempted below, who engage in angling, dip netting, seining, minnow trapping, spear fishing, and bow fishing, must have a Manitoba Angling Licence on their person.

Licences are valid from May 1, 2016 through April 30, 2017. Licences must be signed to be valid, and are not transferrable or refundable. If a licence is lost another must be purchased. The time of licence validity has no impact on season dates. See page 8 for general season dates.

Manitoba Resident Seniors

A “Manitoba Resident Seniors Conservation Licence” is for seniors (65 and over) who have permanently resided in Manitoba for at least 6 months and is valid for a conservation limit of fish only. Manitoba seniors wanting a regular limit of fish must buy a regular resident licence.

Conservation Licence

A Conservation Licence entitles the holder to the same rights as a Regular Licence holder except for reduced limits for some species: 4 walleye/sauger, 4 pike, 1 lake trout, 1 channel catfish, 2 smallmouth bass and 2 stocked trout. Limits for other species remain the same.

Resident or Nonresident?

A resident is a person who has lived in Manitoba for the immediate past six months. A Canadian resident is a person who has lived elsewhere in Canada for the immediate past six months. Any person who has not lived in Manitoba or Canada for the immediate past six months is a nonresident and must purchase a nonresident licence.

Licence Exemptions

The following people may angle without a licence:

- Any youth under the age of 16 who has permanently resided in Manitoba for at least six months. Manitoba youth under the age of 16 have all the rights and privileges of those holding a Regular Licence, including their own regular limit of fish. All other regulations apply. Proof of age is required when checked by an Officer.
- Any Canadian resident or nonresident youth under the age of 16. The person must fish with a licence holder, or someone exempt from holding a licence, and their catch must be applied to the limit of that person. A Canadian resident or nonresident youth under 16 who wishes to have a separate limit must buy a licence.

Status Indians

Status Indians do not require an angling licence. They are exempt from angling regulations including seasons, limits, and gear restrictions when fishing for food. Proof of status is required when checked by a Conservation Officer or RCMP Officer (see page 15).

National Parks

A Manitoba Angling Licence is not valid for fishing in National Parks. Contact Parks Canada for details on fishing licences and regulations in National Parks. www.pc.gc.ca.

Licence Outlets

Licences are sold at most hardware and sporting goods stores, fishing centres, and lodges. Not all vendors carry nonresident licences and many do not have licences during winter.

Licences may also be bought by Mastercard®, Visa® or by mail. Call 1-800-214-6497 or send a cheque or money order for the appropriate licence fee (payable to Minister of Finance) to The Cashier, Manitoba Conservation and Water Stewardship, 200 Saulteaux Crescent, Winnipeg, Manitoba, R3J 3W3. Include first name, surname, and initials; full address; day, month, and year of birth; and sex of licensee.

General Regulations

Recreational fishing in Manitoba is governed by regulations made under The Provincial Fisheries Act and the Fisheries Act of Canada. This guide provides a summary of those regulations. The actual regulations in force, not necessarily those in this guide, shall apply. Regulations other than those under the Fisheries Act of Canada may also apply while fishing, e.g. regarding Aquatic Invasive Species, the use of boats, motors, vehicles, etc. For more details on regulations contact your local Manitoba Conservation and Water Stewardship Office (see page 15).

Note:

- Open fires are prohibited in the Burning Permit Areas of Manitoba from April 1 to November 15, unless the fire is in an approved fire pit. If approved fire pits are not available, shore lunches and other meals must be cooked over a camp stove. For more information on Burning Permit Areas, contact your local Manitoba Conservation and Water Stewardship Office.
- Littering is prohibited (under the Environment Act) and regulations are enforced by Manitoba Conservation and Water Stewardship Office.
- Open liquor (including beer) is prohibited in boats, vehicles and ice fishing shelters (under the Liquor and Gaming Control Act) and regulations are enforced by Manitoba Conservation and Water Stewardship Office.

Fishing Methods

Recreational fishing includes angling, spear fishing, bow fishing, dip netting, seining, and minnow trapping. Techniques are those generally accepted by anglers. Under no circumstances may explosives, firearms, clubs, snagging, snaring, poisons, etc. be used.

Barbless Hooks

In Manitoba, anglers must use barbless hooks. A barbless hook is a hook with no barbs or barbs that have been compressed to be in a hook with no barbs or barbs that have been compressed to be barbless. Barbless hooks may have barbs on the shank for holding bait. When you are fishing, the hooks attached to all your lines, whether in use or not, must be barbless. Barbed hooks may be kept in the tackle box.

Angling and Ice Fishing

Angling is fishing with a hook and line. The use of any unusual or special gimmicks is often illegal and best avoided. Hooks or lures must not be spring-loaded.

Anglers may use only one rod and line, except during ice fishing when two may be used. Only two hooks or lures may be used per line. Anglers must, when fishing in open water, keep their line in sight at all times and when ice fishing stay within 50 m of the line.

Ice Fishing Shelters

Ice fishing shelters must be removed by March 12, 2017 on the Red River, by March 31 in the rest of the Southern Division and by April 15 in the Northwest, North Central and Northeast Divisions, or when requested to do so by a Conservation Officer due to unsafe ice conditions. All ice fishing shelters must clearly display the owner’s name and address. Shelters must be stored or disposed of away from the shore and on private property. Manitoba Conservation and Water Stewardship Parks Branch requires that ice fishing shelters in provincial parks meet size, location and use standards. For more information including specific details, please contact your local Manitoba Conservation and Water Stewardship Office.
FISH REMAINS

Fish cleaning remains must not be left on beaches or shorelines. At sites such as boat launches, campgrounds, lodges, etc., fish remains must be placed in containers provided for that purpose.

BAIT

Night crawlers and earthworms may be used as bait in all fishing divisions in Manitoba. They may be imported to Manitoba in a sterile medium such as paper mulch, but not in soil. Dispose of unused worms in trash. Leeches, frogs and salamanders (water dogs) may also be used as bait in all divisions. However, they may not be imported.

Possession of crayfish is prohibited. Offal (fish cleaning remains) may be used as bait in all divisions. Frozen or preserved bait fish may be imported and used in all divisions.

Live bait fish may not be imported into Manitoba.

Live bait may not be used or possessed in the Northwest, North Central and Northeast Divisions, including the Bloodvein and Gammon rivers. Live bait fish may be used and possessed in the Southern Division, except in the following areas:

- Stocked Trout Waters
- Duck Mountain Provincial Forest and Park
- Turtle Mountain Provincial Park
- Porcupine Provincial Forest
- Whiteshell Provincial Park
- Winnipeg River (from Seven Sisters Dam to the Ontario border)
- Atikaki and South Atikaki Provincial Parks

New Aquatic Invasive Species regulations require that any used or unused live bait in a control zone (regardless whether purchased or personally caught) must be discarded on land before leaving the shore of a water body within a control zone. For more information on control zones and the regulations please visit manitoba.ca/StopAIS.

Those anglers in possession of purchased live bait fish must have a Live Bait Fish Transfer and Use Receipt issued by the dealer. Anglers may catch their own bait fish, but must kill them before transporting them away from the water where they were caught.

Only the following fish may be used as bait:

- chub
- trout-perch
- bullhead
- stickleback
- mudminnow
- sucker

No angler may be in possession of more than 4 litres of bait fish of which no more than 15 dozen can be live bait fish (excluding suckers and tullibee, which have no limit).

Yellow perch, goldeye, and mooneye, that have been caught by angling, may also be used as bait and may be used as live bait fish where use of live bait fish is allowed. Anglers may only possess a legal limit of these species. Common carp, goldfish, and rainbow smelt, except for purchased frozen smelt, may not be used as bait.

DIP NETTING, SEINING, AND MINNOW TRAPPING

An angling licence is required while dip netting, seining, or minnow trapping. In most waters these activities are allowed at any time of the year. Check for closures on specific waters in the divisional sections of this guide.

Species that may be kept include suckers, common carp, burbot, bullheads, tullibee, chub, shiners, darters, dace, fathead minnow, bluntnose minnow, mudminnow, trout-perch, stickleback, sculpin and whitefish. All other species must be released immediately. Live fish may not be transported away from the waters where they were caught.

Fish must be dead before transporting. General creel limits apply.

Dip nets may not be larger than 1 square metre. Seine nets may not be larger than 3 square metres. Minnow traps must not be larger than 65 cm long and 35 cm in diameter, and must have the fisher’s name and address marked on them.

SPEAR FISHING

Spear fishing is the taking of fish with a handheld spear or spear gun (pneumatic or rubber band powered) while swimming. Spear fishing is allowed in all areas of the province open to angling. For safety reasons do not spear fish near areas used for swimming, boat launching, or docking.

Angling seasons, limits and licence requirements apply. Fisher’s may possess only one limit of fish, whether taken by spear fishing or angling.

You may not spear fish for sturgeon, largemouth bass, smallmouth bass, muskellunge, Arctic grayling, Arctic char, brown trout, rainbow trout, brook trout, splake or other trout hybrids. Only face mask, flippers and snorkel may be used to take the following species (i.e. no scuba equipment): walleye, sauger, pike, channel catfish, crappies, mooneye, goldeye, lake trout and whitefish.

Scuba or snorkelling equipment may be used for species other than those listed above. For safety courses and information please contact your local scuba dealer.

BOW FISHING

Bow fishing (the shooting of fish with archery equipment) is permitted for common carp and suckers only. Angling seasons and licence requirements apply. A fish arrow and at least 20-kg test line must be used. Using a crossbow to fish is illegal.

HOLDING AND RELEASING FISH

Fish being legally retained may be held live only while you are actively fishing, and they must be held within 25 m of you.

If you release fish, they must be released unharmed into the water from which they were taken. They must not be tagged or marked in any way, unless authorized by a permit.

COMPETITIVE FISHING EVENTS

Persons and organizations holding fishing derbies or tournaments that have more than 25 participants must obtain a free Competitive Fishing Event Licence four weeks prior to the event. Licences are available from Fisheries Branch, 200 Sauleaux Crescent, Winnipeg, Manitoba, R3J 3W3 - (204) 945-6640 or contact a Manitoba Conservation and Water Stewardship Office in your area (see page 15).

All participants must have a Manitoba Angling Licence unless exempt (see page 3). All walleye, sauger, trout, smallmouth bass, and channel catfish entered must be released. All fish caught and retained for use in a competitive fishing event are considered to be in possession and part of the angler’s daily limit. Event organizers and all participants must adhere to the Aquatic Invasive Species legislation under the Water Protection Act. Further restrictions may be imposed.

BUYING AND SELLING FISH

Fish harvested while angling may not be bought, sold, traded or bartered. If you buy fish from a commercial fisher or retailer be sure to get a sales receipt at the time of sale. You must carry this receipt with the fish as proof of purchase.

FISHWAYS (FISH LADDERS)

Fishways are used to assist fish passage through, over or around barriers. Please respect these structures when in use and do not disturb the fish. Remember, it is a violation to fish (including dip netting, seining and minnow trapping) within 23 metres of a fishway.

HANDLING, TRANSPORT AND STORAGE OF FISH

Live fish may not be transported away from the waters where they were caught, except under the authority of a permit issued by Fisheries Branch.

Fish must not be handled, transported or disposed of in a way that will allow it to spoil.

Fish must be transported and stored so that the number, species, and size of fish can be determined. Six square centimetres of skin must be left on each fillet. Fish should not be transported or stored in a solid frozen block of fillets or in a processed state such as canned.
### General Limits

#### NOTICE OF INDIVIDUAL REGULATIONS

The possession and size limits listed below are general, provincial regulations, and apply to most Manitoba waters. A number of waters and fishing divisions in Manitoba have special, individual regulations. These exceptions and/or additions to the general regulations are found in the individual fishing divisions on pages 8-10; 13-15.

### Limits and Possession

Fish are considered to be in possession if they are not immediately released into the water from which they were taken. Possession limits are the same as daily catch limits in Manitoba. You may possess no more than one limit of each kind of fish at any time. This includes all fish you have in hand, camp, transportation, at home or for use in a competitive fishing event. The limits on this page apply to most Manitoba waters. Special limits on specific waters are listed in the individual fishing divisions (pages 8-10; 13-15).

### Measuring a Fish

Total fish length is measured from the most anterior part of the head to the most posterior part of the tail laid flat (i.e. not pinched). See page 17 for an illustration. Note: 2.54 cm = 1 inch.

### High Quality Management Waters

High Quality Management Waters may have reduced possession and size limits to protect and maintain high quality fisheries. They are listed in the individual fishing divisions (pages 8-10; 13-15).

### Catch and Release Tips

- Play your fish as little as possible.
- Return it to the water quickly.
- Don’t hold it by the eyes or gills.
- Don’t squeeze its belly.
- Never release fish that have been held on a stringer.
- Don’t recommend fizzing of fish.

### Mercury in Fish

Although Manitoba has some of the cleanest waters in the world, all fish contain some mercury from natural sources. Human activities can cause further increases in these natural mercury levels. Fish from some areas may have elevated mercury levels.

For further information about mercury in fish and for recommended consumption rates, please visit manitoba.ca/waterstewardship/fish/mercury, or phone Manitoba Conservation and Water Stewardship at 204-945-6784.
World's Best Trophy Walleye Fishing

Over 65% of all Master Angler Walleyes Caught In Manitoba in 2015

If Trophy Walleye's your Game, then Budd's is the Name!™

Southern Division Regulations

General Closure: April 4 to and including May 13. Season opens May 14 (refer to map at left for Southern Divisional boundaries).

- Barbless hooks must be used.
- Use of live bait fish is allowed in some areas (see page 4).
- All lake trout must be released between September 15 and October 15.
- All lake trout over 65 cm must be released.

HIGH QUALITY MANAGEMENT

High Quality Management Waters in the Southern Division are listed below. All have limits of 4 walleye/sauger, 4 pike and 2 smallmouth bass with the exception of that portion of the Winnipeg River described below in which the limit is 0 for smallmouth bass.

♦ Echo Lake  ♦ Saddle Lake  ♦ Side Saddle Lake
♦ Winnipeg River from Ontario Boundary to Point Du Bois Dam (including Green Bay).  All pike between 75 cm and 110 cm must be released.

STOCKED TROUT WATERS

No bow fishing, dip netting, or seining is allowed on stocked trout waters. In Duck Mountain Provincial Park, and in Porcupine Provincial Forest, all trout smaller than 35 cm must be released, except those caught in streams. Annual stocking lists are available from your local Manitoba Conservation and Water Stewardship office (see page 15).

The trout lakes, ponds and reservoirs listed below are open to fishing all year. All walleye, pike and smallmouth bass caught in these waters from April 1 to and including May 13 must be released. The trout creeks and rivers listed below are closed to all fishing from November 1 to and including April 15. No motors may be used on those waters marked with an –.

No motors, except electric motors, may be used on those waters marked with an *.

- Antons Lake - trout limit is two.
- Bagguley Lake
- Bear Lake (W of Caddy L)
- Beautiful Lake
- * Beaver Lake (Duck Mountain)
- Birch River (E of Porcupine Forest)
- Black Beaver Lake
- Blueberry Pond
- Bower Lake
- Bowsman River
- * Camp Lake (NE of Falcon Lake)
- Childs Lake
- * Corstophine Lake - trout limit is one and all trout over 45 cm must be released, may only use artificial lures and flies.
- Davidson Lake
- Dorothy Pond
- East Blue Lake (Duck Mountain)
- * East Goose Lake (S of Roblin)
- Eternal Springs (lower and upper ponds)
- Forbes Lake - lake trout limit is one.
- Garland River
- Gass Lake (Porcupine Forest)
- George Lake - lake trout limit is one.
- Glad Lake (Duck Mountain)
- Gull Lake (Duck Mountain)
- Gull Pond (N of Camp Morton)
- Hadashville Pond
- * Hunt Lake
- Kinch Creek
- Kingfisher Lake
- Lac du Bonnet Ponds
- ~ Lake One
- ~ Lake Two (S. of Crowduck)
- Lake 400
- Laurie Lake
- Limestone Pond
- * Little McBride Lake (NW of Boggy Ck)
- * Lyons Lake (S of W Hawk L)
- McHugh Lake - trout limit is one, may only use artificial lures and flies.
- Milner Ridge Pond
- Mirror Lake (Porcupine Forest)
- Nick Lake (Porcupine Forest)
- North Duck River
- O’Hanly Pond
- Olson Lake (Porcupine Forest)
- * Patterson Lake - trout limit is one and all trout over 45 cm must be released, may only use artificial lures and flies.
- * Perch Lake (Duck Mountain) - all bass and trout must be released.
- * Persse Lake - trout limit is two, may only use artificial lures and flies.
- Pine River (Duck Mountain)
- * Pybus Lake - trout limit is one and all trout over 45 cm must be released, may only use artificial lures and flies.
DIP NETTING AND SEINING RESTRICTIONS

General regulations on dip netting and seining can be found on page 4. No dip netting or seining is allowed in any stocked trout waters. In Nopiming and Whiteshell Provincial Parks, and the Rennie River near Rennie, dip netting and seining for suckers and all species other than bait fish are prohibited year round.

Some streams are closed to all fishing (including dip netting) in spring to prevent damage to spawning fish and eggs.

Check for spring closures by stream or lake name in the following section.

### SPECIAL REGULATIONS FOR INDIVIDUAL WATERS

**Arrow Lake** - walleye limit is 4; all walleye shorter than 35 cm must be released.

**Basket Creek** - closed to all fishing, including dip netting, from April 1 to and including May 31.

**Beaver Lake** - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released.

**Bell Lake** - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released.

**Black Lake** - walleye limit is 4.

**Boisserie Reservoir** - all walleye shorter than 35 cm must be released.

**Chain Lakes** - no motors, except electric motors, are allowed.

**Crawford Creek** - see Dauphin Lake.

**Crowduck Lake** - walleye limit is 2. All smallmouth bass over 40 cm must be released.

**Dauphin Lake including that portion of the Mossy River to municipal road 107 west and all inflowing tributaries** - the walleye/sauger limit is 4 and all walleye between 45 cm and 70 cm must be released. All inflowing tributaries and those parts of Dauphin Lake within 1 km of their mouths are closed to all fishing, including dip netting from March 1 to and including May 13. The remaining parts of Dauphin Lake remain open in March and are closed to all fishing from April 1 to and including May 13.

**Deloraine Reservoir** - all walleye shorter than 35 cm must be released.

**Dog Lake Drain** - closed to all fishing, including dip netting, from April 1 to and including May 13.

**Duck Mountain Provincial Park** - walleye limit is 4. All pike over 75 cm must be released. See Beaver, Singush, Verrall, and Wellman lakes for specific regulations.

**Dufaults Creek** - closed to all fishing, including dip netting, from April 1 to and including May 13.

**Falcon Creek** - closed to all fishing, including dip netting, from April 1 to and including May 31.

**Flintstone Lake** - walleye limit is 4.

**Garner Lake** - walleye limit is 4.

**Gem Lake** - walleye limit is 4.

**Goudney Reservoir** - walleye limit is 4; all walleye shorter than 35 cm must be released.

**Gull Lake (near Beaconia)** - all pike over 60 cm must be released.

**Hamilton Creek** - closed to all fishing, including dip netting, from April 1 to and including May 31.

**Hamlin Drain** - closed to all fishing, including dip netting, from April 1 to and including May 13.

**Happy Lake** - walleye limit is 4.

**Kenton Reservoir** - walleye limit is 4; all walleye shorter than 35 cm must be released.

**Killarney Lake** - walleye limit is 4; all walleye shorter than 35 cm must be released.

**Lake Irwin** - pike limit is 4 and all pike over 75 cm must be released.

**Lake of the Prairies and its tributaries, including the Shell River west of PTH 83** - walleye limit is 4; all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released. Anglers may fish with either a Manitoba or Saskatchewan angling licence upstream from the Shellmouth Dam (see border waters - page 5).

**Lake St. Andrews** - all smallmouth bass must be released.

**Lake St. George** - all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released.

**Lake Winnipegosis and its tributaries** - the walleye limit is 4 and all walleye between 45 cm and 70 cm must be released.

**Limestone Bay (on Lake Winnipeg)** - closed to fishing all year.

**Lonely Lake Drain** - closed to all fishing, including dip netting, from April 1 to and including May 31.

**Long Lake** - walleye limit is 4.

**Marge Lake** - all walleye must be released.

**Mary Jane Reservoir** - walleye limit is 4 and all walleye shorter than 35 cm must be released. Black crappie limit is 4.

**Mink Creek** - see Dauphin Lake.

**Minnedosa Lake** - see Wahtopanah Lake.

**Minnewasta Lake** - walleye limit is 4; all walleye shorter than 35 cm must be released.

**Moose Lake (near Sprague)** - all walleye shorter than 35 cm must be released.

**North Steeprock Lake** - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released.

**Obukowin Lake** - walleye limit is 4.

**Ochre River** - see Dauphin Lake.

**Overflowing River** - walleye limit is 4 and all walleye between 45 cm and 70 cm must be released. Closed to all fishing from April 1 to and including May 20.

**Pelican Lake** - all walleye shorter than 35 cm must be released.

**Perch Lake** - all smallmouth bass and trout must be released.

**Porcupine Provincial Forest** - walleye limit is 4. All pike over 75 cm must be released. See Bell, North Steeprock, Vini, and Whitefish lakes for specific regulations.

---

**Eastern Manitoba Special Walleye Regulation For Area A***

All walleye between 45 cm and 70 cm must be released in the area south of the Gammon-Bloodvein rivers to the south and west shores of the Winnipeg River, including the Manigotagan River upstream of highway 304, Lac du Bonnet, and the southern boundary of Whiteshell Provincial Park and from Lake Winnipeg to the Ontario border (excluding the Winnipeg River from the Pine Falls Dam to Lake Winnipeg).

♦ Special Walleye Regulation Applies
Proulx Creek and all other creeks and drains that intersect PR 328 to the east - closed to all fishing, including dip netting, from April 1 to and including May 13.

Quesnel (Caribou) Lake - walleye limit is 4.
Rapid City Reservoir - see Wahtopanah Lake.
Red Deer River from Red Deer Lake to Lake Winnipegosis - walleye limit is 4 and all walleye between 45 cm and 70 cm must be released. Closed to all fishing from April 1 to and including May 20.
Red River from the Canada/US border to Lake Winnipeg and all tributaries between Lockport Dam and Lake Winnipeg - anglers may retain only 1 walleye longer than 70 cm per year. Licence holders who catch and retain one of these fish must immediately record the date on the back of their licence. The walleye/sauger limit is 4.
Red River from Lockport Dam to 1 km downstream - dip netting and seining for bait fish only, not suckers (excluding the Special Conservation Area); no bow fishing allowed.
Red River at St. Andrews Lock and Dam (Special Conservation Area for pelicans) - closed to all fishing and possession of fishing gear from April 1 to and including November 15. Boundary outlined below:

**East:** existing north-south chain link fence running along the top of the bank;

**North:** a line from the existing east-west chain link fence, extending into the Red River to the point directly north of the centre of the first freestanding bridge pier;

**South:** the dam face to the first freestanding bridge pier;

**West:** a line directly north of the centre of the first freestanding bridge pier to the point it intersects with the north boundary.

Rice Lake - walleye limit is 4.
Rossman Lake - walleye limit is 4; all walleye shorter than 35 cm must be released.
Sandy Lake - walleye limit is 4; all walleye shorter than 35 cm must be released.
Shoal Lake (on the Ontario border) - all walleye/sauger must be released.
Shoe Lake - walleye/sauger limit is 4. Pike limit is 4.
Siderock Lake - walleye limit is 4.
Singush Lake - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released.
St. Malo Lake - no motors, except electric motors, allowed.
Turtle River from PTH 5 near Laurier to Dauphin Lake - see Dauphin Lake.
Valley River - see Dauphin Lake.
Vermilion River - see Dauphin Lake.
Verrall Lake - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released.
Vini Lake - only 1 pike may exceed 75 cm.
Wahtopanah Lake and Little Saskatchewan River from the Rivers Dam upstream to Riding Mountain National Park, including Rapid City Reservoir and Minnedosa Lake - a limit of 4 walleye/sauger and all walleye/sauger between 45 cm and 70 cm must be released. That portion of Wahtopanah Lake and the Little Saskatchewan River from PTH 24 to the Trans-Canada Pipeline crossing on Wahtopanah Lake is closed to all fishing from April 1 to and including May 31.
Wallace Lake - walleye limit is 4.
Wellman Lake - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released.
West Blue Lake - walleye limit is 4. No motors, except electric motors, allowed.
Whitefish Lake (in the Porcupine Forest) including the Marina Lagoon, North Creek and Whitefish Creek - walleye limit is 2 and all walleye between 45 cm and 70 cm must be released. All pike over 75 cm must be released. North Creek closed to all fishing from April 1 to and including June 1.

Whiteshell River from West Hawk Lake to Caddy Lake - trout limit is 0; closed to all fishing from November 1 to and including April 15.
Winnipeg River from Pine Falls Generating Station to Lake Winnipeg to and including Traverse Bay - anglers may retain only 1 walleye longer than 70 cm per year. Licence holders who catch and retain one of these fish must immediately record the date on the back of their licence. The walleye/sauger limit is 4.
Wilson River - see Dauphin Lake.
William Lake - smallmouth bass limit is 2; only 1 may exceed 40 cm.

### Please Do Not Litter

Discarding bait containers, monofilament line and other types of litter along shorelines, on the ice or in the water is illegal and shows disrespect for the environment. Keep our lakes and rivers clean. Clean up after others. The fine for littering in Manitoba is $190.

### Protection of Privacy Act

Personal information collected on angling licences falls under the authority of *The Fisheries Act* (Chapter F90), Fishing Licensing Regulation 124/97 and will be used only for existing program activities, surveys and enforcement by Manitoba Conservation and Water Stewardship.

It is protected by the Protection of Privacy provisions of *The Freedom of Information and Protection of Privacy Act*. For questions about the collection, contact: 204-945-4170.

### For Your Information

Manitoba Conservation Officers play an important educational role in relation to angling regulations. To ensure that there is compliance to Manitoba’s regulations, officers check anglers on a regular basis on the water but also periodically conduct roadside checkstops in co-operation with other enforcement agencies. To help make your angling experience enjoyable, please be aware of Manitoba’s angling regulations.

The following are set, ticketable fines for common angling infractions. Fines may be higher depending on the severity and/or frequency of the infractions. Restitution will apply to those who are convicted of illegally removing fish from the environment.

- Using barbed hooks.......................................................$52
- Fishing without a licence..............................................$300
- Over limit .................................................................$102 plus
- Transport live fish away from the water ......................$487
- Unattended line..........................................................$52
- Failure to carry your licence while fishing .......................$175
- Possession of crayfish ..................................................$102 plus
- Possession of prohibited species (eg. zebra mussels) ......$252 plus
- Bringing into Manitoba live bait ..................................$202

### Learn what the new aquatic invasive species legislation

means to you, visit: [www.manitoba.ca/StopAIS](http://www.manitoba.ca/StopAIS)
CLEAN, DRAIN, DRY AND DISPOSE. IT’S THE LAW!

One of our province’s most precious resources is under threat.

Our freshwater lakes and rivers, which have provided generations of Manitobans with fishing, swimming, boating and other recreational opportunities, are under attack. Aquatic invasive species (AIS) such as zebra mussels have been found in Manitoba’s waterways. These AIS will cause significant environmental and economic damage unless we work together to help prevent the spread.

YOU CAN HELP

Every time you remove watercraft, float planes, off-road vehicles (ORVs) or water-related equipment from the water, follow these steps before entering another water body:

**CLEAN** and remove all aquatic plants, AIS and mud.

**DRAIN** all water from motors, bilges, bait buckets, ballast tanks and any compartments. Keep drain plugs out while transporting watercraft over land.

**DRY** all water-related equipment and any hard-to-drain compartments that have contacted the water with a dry towel or sponge.

**DISPOSE** of unwanted bait and worms in the trash.

For complete information about AIS and the new law, visit:

manitoba.ca/StopAIS or call 1-877-STOP AIS-0 (1-877-867-2470)

**IT’S THE LAW**

To help prevent the spread of AIS, the Manitoba government has passed a law that requires all water users to clean all watercraft, float planes, ORVs and water-related equipment such as fishing gear, anchors and docks when removing them from the water and before placing them into another water body.

LAKE SPECIFIC REGULATIONS

Athapuskow Lake - walleye limit is 4. The south end is closed to all fishing from September 15 to and including October 7. Quarry Bay and Quarry Bay Channel are closed to all fishing from May 1 to and including May 31. Pickerel Bay and Pickerel Bay Channel are closed to all fishing from May 1 to and including May 31.

Atik Lake - walleye limit is 4.

Bradley Lake - all smallmouth bass must be released.

Burntwood Lake - walleye limit is 4 and pike limit is 4.

Clearwater Lake - the west side is closed to all fishing from September 15 to and including October 7, on a line northeast from the end of Spawn Camp Point to the west side of the inlet of Pike Bay.

Dolomite Lake - closed to all fishing from April 1 to and including May 20.

Grass River from the outlet on Weskusko Lake on a line from the mouth of Rex Creek, southeast to the southwest corner of Campbell Island to the rapids downstream (including Missipisew and Wuskataoko Rivers) - walleye limit is 4 and pike limit is 4. Closed to all fishing from April 1 to and including June 30.

Grass River from the CN rail line just north of Iskwawsum Lake to the inlet of Reed Lake (including Iskwawsum, Loucks, and Flag lakes) - closed to all fishing from May 1 to and including May 31.

Kisseynew Lake and Kisissing River from Kisseynew Lake to Kisissing Lake - closed to all fishing from May 1 to and including May 31. On Kisseynew Lake the walleye limit is 4.

Kisissing Lake and its tributaries, including Bartlett Lake - lake trout limit is 1, walleye limit is 4 and pike limit is 4. All nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery.

Morgan Lake - closed to all fishing from May 1 to and including June 30.

Morton Lake - walleye limit is 2 and pike limit is 2. All nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery.

Osborne Lake, Osborne Lake Creek and Wekusko Brook - walleye limit is 4 and pike limit is 4. Closed to all fishing from April 1 to and including June 30.

Pickerel Creek - closed to all fishing, including dip netting, from April 20 to and including May 20.

Reed Lake, including Krug Lake, Jackfish Lake, Jackfish Lake Creek, Woosey Creek between Reed Lake and Halfway Lake, and all other tributaries of Reed Lake, including Grass River from Flag Lake to Tramping Lake - the limits are 2 walleye, 2 pike and 1 lake trout.

Rocky Lake - walleye limit is 4. Goose Bay is closed to all fishing from November 1 to and including May 20.

Saskatchewan River from Grand Rapids Generating Station to 1 km downstream (tailrace channel) - closed to fishing all year.

Snow Creek from Compton Lake to Snow Lake - closed to all fishing from May 1 to and including May 31.

Three Finger Lake - walleye limit is 4.

Wabishkook Lake - closed to all fishing from May 1 to and including May 31.

Wekusko Lake - walleye/sauger limit is 4 and pike limit is 4. Closed to all fishing from April 1 to and including May 20. Herb Bay north of the hydro line on Wekusko Lake is closed to all fishing from April 1 to and including June 30.

Whitefish Lake and Pineroot River from Whitefish Lake to and including Wabishkook Lake - closed to all fishing from May 1 to and including May 31.

Woosey Creek between Woosey Lake and Morgan Lake - closed to all fishing from May 1 to and including June 30.

Woosey Lake - closed to all fishing from May 1 to and including May 31.
North Central Division Regulations

General Closure: May 1 to and including May 20. Season opens May 21 (refer to map on page 8 for North Central Divisional boundaries).

- Barbless hooks must be used.
- No live bait fish.

HIGH QUALITY MANAGEMENT

High Quality Management Waters in the North Central Division are listed below. All have limits of 4 walleye/sauger, 4 pike and 1 lake trout and all pike over 75 cm, all walleye over 55 cm and all lake trout over 65 cm must be released.

Alt Lake
Burge Lake
Black Trout Lake
Border Lake
Chicken Lake

STOCKED TROUT LAKES

No bow fishing, dip netting, or seining are allowed on stocked trout waters. Annual stocking lists are available from your local Manitoba Conservation and Water Stewardship Office (see page 15). The following stocked trout lakes are open to fishing all year. All walleye and pike caught in these waters from May 1 t o and including May 20 must be released.

No motors, except electric motors, are allowed on those marked with an *.

Bowden Lake
Crater Lake
* Digney Lake
Eske Lake No.1
Eske Lake No.2
Little Troy Lake
* Gemmell Lake
* Mid Lake
Hidden Lake
Leaf Lake

LAKE SPECIFIC REGULATIONS

Fish Lake and Setting Creek (Fish Creek) and including that part of Setting Lake within 2 km of the mouth of Setting Creek - closed to all fishing from March 15 to and including July 15.

Kiski Lake and Kiski Creek - closed to all fishing from May 1 to and including July 15.

McLaren Creek - closed to all fishing from May 1 to and including May 31.

Nelson River and its tributaries downstream of Kettle Generating Station - closed to brook trout fishing from September 1 to and including September 30.

Owl Creek - closed to all fishing from May 1 to and including May 31.

Thompson Creek - closed to all fishing from May 1 to and including May 31.

Velde Creek (including Jokey Creek) - closed to all fishing from May 1 to and including May 31.

Wintering Lake - walleye limit is 4.

Northeast Division Regulations

Generally open to angling all year (refer to page 8 for Northeast Divisional boundaries).

- Barbless hooks must be used.
- No live bait fish.

HIGH QUALITY MANAGEMENT

High Quality Management Waters in the Northeast Division are listed below. All have limits of 4 walleye/sauger, 4 pike and 1 lake trout, and all walleye over 55 cm, all pike over 75 cm, all lake trout over 65 cm and all Arctic grayling over 40 cm must be released. Only single, barbless hooks may be used on those waters marked with an *.

Acheetamo Lake
Aikens Lake
Amphibian Lake
Anishinae Lake

Viking Lake
Warrington Lake
Waskiowaka Lake
Wendigo Lake
Whiskey Jack Lake
Wrong Lake
Gods River (from Gods Lake to Great Bear Falls) - all brook trout must be released.

Molson Lake and its tributaries (except Paimusk Creek) - closed to fishing from May 1 to and including May 20. All nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery. A High Quality Management Lake.

Nelson River and its tributaries - closed to brook trout fishing from September 1 to and including September 30.

Nueltin Lake - all nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery. A High Quality Management Lake.

Paimusk Creek - closed to fishing from May 1 to and including May 31. All nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery. A High Quality Management Lake.

Utk Lake - all nonresidents of Manitoba who fish must be registered and staying with, and obtain a Special Angling Licence (free) from, a licensed Manitoba tourist operator with an allocation for this fishery.

Angling Programs and Special Events in 2016/2017

Below is a list of activities to be held in Manitoba in 2016 and 2017 that provide people with opportunities to learn more about angling. For additional information, see page 16 for a list of websites to visit.

LEARN TO FISH
Winnipeg’s Community Services Department, in cooperation with Manitoba Conservation and Water Stewardship, with assistance from the Manitoba Wildlife Federation, will again be offering a “Learn to Fish Program” within the city limits through the city’s leisure program. This program is directed towards individuals and families who wish to get started fishing or wish to learn more about fishing in the city. For more information on this or other city angling programs please call 311 or toll free 1-877-311-4974.

FAMILY FISHING WEEKENDS
Summer and Winter Family Fishing Weekends will be held on June 11-12, 2016 and February 18-20, 2017 across Manitoba (excluding federal parks). During these weekends, people wishing to fish may do so without acquiring a licence. All other rules and regulations will apply. Conservation limits apply to those angling without a licence, who would normally require one. Please note specific lake regulations. For more information, call 204-945-6784.

WINNIPEG FISH FESTIVAL
Winnipeg’s Community Services Department and Manitoba Conservation and Water Stewardship, with assistance from the Manitoba Wildlife Federation, will again be holding the annual Winnipeg Fish Festival on July 9, 2016 at The Forks. The “how to’s” of fishing, where to fish and how to handle your catch will be some of the seminars offered during the day as well as activities for children of all ages. The Festival will run from 11:00 am to 4:00 pm and admission is free. For more information please call 311 or toll free 1-877-311-4974.

BECOMING AN OUTDOORS WOMAN
On June 3 - 5, 2016, the Manitoba Wildlife Federation is again offering a workshop designed for women to learn outdoor skills. The workshop is directed towards beginners or those who may wish to try a new activity. Angling is only one of many topics offered. For more information on this workshop and other activities and programs, such as the Manitoba Recreational Fishing League for youth, contact the Manitoba Wildlife Federation office at 204-633-5967 or visit mwf.mb.ca.

Fishing Regulations and Status Indian People

The Natural Resources Transfer Agreement, which forms part of the Constitution Act (1930), provides that Indian people have the right to fish for food on all unoccupied Crown lands and on any other lands to which they may have a right of access.

Recognizing the Treaty and constitutional rights of Indian people, Manitoba Conservation and Water Stewardship considers that status Indians:

- Do not require a licence to fish for food by angling or other means.
- Do not require an angling licence to fish for recreational purposes or to participate in a competitive fishing event, but must follow all regulations when not fishing for food.
- Are not subject to gear restrictions such as the use of gill nets or the number of lines that can be used by angling, however, any unattended gear must be clearly marked with the owner’s name and treaty number.
- Except for conservation closures, are generally not restricted to seasons, limits or areas.
- May angle in stocked trout waters but may not use nets or other methods of fishing.
- May not block more than two-thirds of a river or stream with a net or other device.
- May not fish within 23 metres of a fish ladder or fishway.
- May not sell fish caught under status Indian fishing rights or give fish to a non-Indian person.
- May transport fish from the catch point directly to their nearest residence.
- Must obtain a Fish Transportation Loadslip if fish in excess of a regular limit are to be transported to a location other than their nearest residence.
- While employed as guides or outfitters, may not fish using their treaty or constitutional rights in any manner that could benefit their employer or their business.
- When exercising their rights, are strongly encouraged to carry proof of status.

Non-Indian people may accompany Indian people that are fishing but may not help them to exercise their food fishing rights. For example, non-Indian people could not set or lift nets, however, they could assist in transporting fish while accompanying a status Indian person.

For more information, please contact the nearest Manitoba Conservation and Water Stewardship office, or telephone 204-945-6784 in Winnipeg, 1-800-214-6497 outside Winnipeg or visit manitoba.ca/conservation.

Each year, many exceptional trophy fish are caught in Manitoba waters. For this reason, a *Designated Picture Length Category was established. Anglers whose fish are equal to or exceed the length in this category MUST submit a ‘measurement/length’ picture with a measuring device or some object of standard size in addition to the ‘action’ photo (refer to Manitoba Master Angler Award rule #2).

Master Angler Awards Program Rules and Regulations

1. Registered fish must be caught in Manitoba in accordance with provincial angling regulations.
2. Anglers must use a hook and line to make the catch.
3. Anglers must submit a photo of the fish showing its length measurement next to a measuring device or object of known length to qualify for a Master Angler Award, as illustrated. An action shot is optional.
4. Please note that all pictures provided will become the property of Travel Manitoba and may be used for publishing on the web site or in published materials.
5. Qualifying fish must be submitted digitally through the Master Angler Awards website, mobile app, or on an official entry form or copy (one fish per entry form). No changes in the length stated on the application form will be accepted.
6. Travel Manitoba will be the sole and final judge as to the acceptance of the entries, and reserves the right to request additional information and requirements as may be deemed necessary in the best interest of the program.
7. Although awards are issued throughout the year, the Master Angler Awards annual deadline for publishing purposes is September 30. Entries may not be listed if they have not been received within one month of the date when the fish was caught.
8. Only one bronze, silver, or gold badge and release crest will be awarded to any one angler, but certificates will be presented for all qualifying fish. Different specialist badges will be awarded for each species (one per species).

LI’L ANGLER PROGRAM

MANITOBA’S LI’L ANGLER PROGRAM FOR YOUNGSTERS

Budding anglers will delight in Manitoba’s Li’l Angler program for kids. Geared toward children 12 and younger, the program encourages novice anglers to get hooked on fishing and gain a little recognition. It’s easy and it’s fun!

Simply register your Li’l Angler online at fishhuntmanitoba.com/master-angler

Travel Manitoba will send the Li’l Angler a one-time embroidered crest signaling their first catch and a Certificate of Achievement.

For More Information, phone Travel Manitoba at (204) 927-7838, toll free at 1-800-665-0040, or visit fishhuntmanitoba.com/master-angler

LI’L ANGLER PROGRAM RULES

1. Applicant must be 12 years of age or younger. Limit of one entry and award per individual throughout entire eligibility period
2. Fish must be caught in Manitoba by angling for recreation in accordance with provincial angling regulations.
3. Entry can be submitted by registering online at fishhuntmanitoba.com/master-angler
4. Entry must be accompanied by a picture of the angler and fish. All pictures become the property of Travel Manitoba, including publishing rights, and will not be returned
Reel in Manitoba MARVELS

Introducing Manitoba Marvels, Travel Manitoba’s new quick guide to the province’s fishing opportunities, Master Angler records, and year-long contests where you can win some incredible prizes.

Top 5 Master Anglers by Species 2015

- Sign up for our Fishing + Hunting e-newsletter and you could win a $1,000 Cabela’s gift card!
- Send in your best fish photo with your Master Angler entry and you could win one of 12 monthly prize packs worth $1,000 in our 12 Months of Master Angler Contest.
- Are you the Angler of the Year? Reel in as many species as you can in 2016 and you could win a fishing trip for 2 to Aikens Lake Wilderness Lodge, valued at $6,000.
- Capture that ‘first fish’ experience and your child could be named the Lil’ Angler of the Year and win a $500 Cabela’s gift card!

Be prepared on your next fishing trip with Travel Manitoba’s Master Angler App.

WARNING
The waters downstream from the St. Andrews Lock and Dam can be hazardous to anglers and boaters due to turbulence and the fluctuation of water levels. The area of turbulence may extend from the dam to the floodway exit.

No matter the season, please exercise caution in this area. For more information, please contact 204-757-3041.

ATTENTION
Les remous et la fluctuation du niveau des eaux en aval de l’écluse et barrage St. Andrews peuvent constituer un danger pour les pêcheurs et les plaisanciers. La zone de remous peut s’étendre du barrage jusqu’à la sortie du canal de dérivation.

Quelle que soit la saison, soyez prudents à cet endroit. Pour plus de renseignements, veuillez composer le 204-757-3041.

Manitoba Fishing Hall of Fame

www.mfhof.com

2015 Inductee
Manitoba Fishing Hall of Fame

As the founder of Fish Futures Inc., David Carrick's contributions to fishing in Manitoba have been numerous.

Please join us recognizing David Carrick's achievements and his 2015 induction into the Manitoba Fishing Hall of Fame.

The Manitoba Fishing Hall of Fame celebrates our precious resource and those who participate in its bounty, in striving to preserve it for generations to come.
Be alert, don’t get hurt.

Hydro dams can cause dangerously turbulent waters with strong undercurrents and rapidly changing water levels. Obey warning signs.

hydro.mb.ca
The Fish and Wildlife Enhancement Fund promotes and funds projects that conserve and enhance Manitoba's recreational fisheries.

Eligible projects will address one or more of the following categories:

- Fisheries Development
- Habitat Rehabilitation/Enhancement
- Habitat Protection by Acquisition
- Stock Assessment/Monitoring
- Fisheries Research
- Fisheries Education
- Fisheries Outreach/Stewardship
- Fisheries Compensation

For more information:

visit [manitobafisheries.com](http://manitobafisheries.com)
email [fish@gov.mb.ca](mailto:fish@gov.mb.ca)
or call (204) 945-6640

Eligible applicants will include: organizations representing anglers (including fish and game associations), academic institutions (including universities, colleges and schools), environmental organizations, conservation districts, community groups, other not-for-profit organizations, government agencies, rural municipalities, crown corporations, for-profit organizations, and individuals.
Every year, valuable Manitoba forest is lost because of unattended shore lunch campfires. Remember, open fires are prohibited from April 1 to November 15, unless you are using an approved fire pit. If approved fire pits are not available, you must use a camp stove.

Report all wildfires • Turn in poachers
1-800-782-0076

Do Not Move Firewood

With your help, we can protect Manitoba’s beautiful trees and forests from harmful exotic pests like the Emerald Ash Borer and the Asian Long-horned beetle.

Do not transport firewood into Manitoba. Buy it locally. If you’re visiting the province and have firewood with you, please dispose of it in the bright orange bins located along the main highways entering Manitoba. And also, remember that it is illegal to transport any firewood into or out of Manitoba across the Canada-U.S. boarder.

To learn more, please call the Tree Line at 204-945-7866, or Manitoba Conservation and Water Stewardship’s toll free number at 1-800-214-6497, or visit: manitoba.ca/conservation/forestry/health/firewood-alarm.html
