

Labour Market Partnerships

Partnering with communities, sector associations and employers to address labour market needs.

Employment Manitoba provides funding for activities under the following three categories:

- **Workforce Development Services (Employee/Employer Focussed)** – workforce adjustment (layoffs and job-threatened) and workforce expansion (new hires) activities.
- **Labour Market Development Services (Community Focussed)** – including human resource planning, labour market analysis and training infrastructure development.
- **Labour Force Development Services (Sector Focussed)** – including human resource planning, training infrastructure development and activities that promote and support sector specific opportunities.

What activities are eligible?

Funding may be provided for projects that:

- Support workforce development and adjustment activities to assist employers, employee associations and job threatened workers to deal with workforce changes
- Assist employers to improve their capacity to implement workforce expansion
- Support labour market development activities in communities that identify and create employment opportunities and address labour market supply and demand needs
- Support labour force development activities that help identify and address human resource and training needs in specific sectors

Labour Market Partnerships proposals are assessed based on the needs of the labour market, Employment Manitoba service priorities and the availability of funds.
